Introduction

This bibliography records publications of the Scottish Parliament during this period. It also includes some statutory publications. Its objective is to help people to understand the Parliament and its work by providing a comprehensive and comprehensible guide to the relevant documentation. Under each heading we explain what the documents are and then list them. There is guidance on how to obtain each type of document. Most of the Parliament’s publications are available as printed publications in addition to being available electronically via our website: http://www.scottish.parliament.uk/home.htm

Previous bibliographies, listed below, are also available on our website at http://www.scottish.parliament.uk/corporate/bibliographies/index.htm

Scottish Parliamentary and Statutory Publications, July 2001 to June 2002

Parliamentary Procedure

The Parliament's procedures are primarily governed by the Standing Orders. In addition, a number of volumes of guidance have been produced by the Clerking and Reporting Directorate to explain how key aspects of Parliamentary business operate in practice, by reference to relevant standing orders, determinations, conventions and practices. Although the guidance is aimed primarily at MSPs and clerks, it is also a useful reference source for anyone wishing to follow Parliamentary proceedings in detail.

More information on parliamentary procedure is available on our website at http://www.scottish.parliament.uk/business/parliamentaryProcedure/index.htm

Parliamentary Copyright

All Parliamentary copyrights are reserved. Individuals are authorised to download text from the Parliament’s website or to copy printed documents for their own individual use. Any other proposed reproduction requires the assent of the Copyright Unit of the Office of the Queen’s Printer for Scotland, which administers the copyright on behalf of the Scottish Parliamentary Corporate Body. The address of the Copyright Unit is: The Copyright Unit, Office of the Queen’s Printer for Scotland, St Clements House, 2-16 Colegate, Norwich, NR3 1BQ.
Bills

A Bill is a draft law. Bills are either public - seeking to change the general law - or private - seeking powers for a particular individual or organisation that are in excess of or in conflict with the general law.

Public Bills can be introduced by a member of the Scottish Executive (an “Executive Bill”), a parliamentary committee (a “Committee Bill”), or an individual member of Parliament (a Member’s Bill”). Private Bills are introduced by the person seeking the powers provided for by the Bill.

A Bill is issued with accompanying documents. These can include, whether it is within the Parliament’s legislative competence (statement on legislative competence), an explanation of the Bill’s provisions (explanatory notes), the policy behind the Bill (policy memorandum) and estimates of the Bill’s administrative and other costs (financial memorandum). Accompanying documents are usually grouped for publication and are printed separately from the Bill.

Bills are numbered sequentially within each session as they are published, in the following way - SP Bill 1, SP Bill 2 etc. Accompanying documents have the same numbering system as the bill they relate to but with the addition of an explanatory abbreviation, e.g. - SP Bill 1-EN (explanatory notes), SP Bill 1-PM (policy memorandum).

Subsequent versions of the bill are numbered SP Bill 1A, SP Bill 1B etc. Each version of the bill has an addendum to the title describing what stage the bill is at - [As Introduced], [As Amended at Stage...], [As Passed].

Marshalled lists follow the same system, but use the abbreviation ML. (A marshalled list is a document prepared for each amending stage of a bill (or each day at the stage) showing all the admissible amendments lodged for the stage and not so far disposed of, in the order in which they will be considered.)

Parliamentary Papers

Most SP papers are reports of a committee inquiry into a subject, e.g. subordinate legislation, or Bills of the Scottish Parliament. SP papers also include other publications produced by the Parliament, such as annual reports of the Scottish Parliamentary Corporate Body.

Each document has the session and year on the front cover: Session 2 (2003). They are published with 2 numbering sequences:

1. SP Paper number – a unique number from a single sessional series – e.g. SP Paper 1 (Session 2). In the case of committee reports, the Papers issued by a particular committee are grouped in the index.

2. Committee report number – reports are numbered sequentially within a calendar year and session - e.g. 10st Report, 2003 (Session 2). This number is also given on the first page of the report in a coded form, which includes a prefix for the committee – e.g. AU/S2/04/R3. Where a report splits into more than 1 volume, each volume retains the same SP Paper number and committee report number.

All committee reports are published in hard copy and on our website at http://www.scottish.parliament.uk/business/committees/index.htm

The Official Report is the full and authoritative written report of proceedings in the Scottish Parliament and its committees. The Official Report of the plenary session is headed “Meeting of the Parliament” and is published in individual “daily parts”, one for each day’s plenary business, and identified by date.

Until 25 April 2001, the Official Report of the Parliament was published in volumes, and numbered sequentially within the volume, with the timing of the volume number change determined by the number of meetings of the Parliament. Since 25 April 2001, Official Reports have been identified by date.

The Official Report is published in its original (uncorrected) version both in hard copy and on our website at http://www.scottish.parliament.uk/business/officialReports/index.htm

The final corrected version is available only on the website.
The Minutes of Proceedings formally record all items of business taken in the Chamber and the results of any decisions. The date of the plenary session is on the document, e.g., Thursday 25 September 2003. It is published in volumes, each new volume covering a Parliamentary year, and numbered sequentially within the volume.

Minutes of Proceedings are available on our website at http://www.scottish.parliament.uk/business/chamber/journal/Minutes/Minutes.htm

In due course, the Minutes of Proceedings are republished in corrected form as the Journal of the Scottish Parliament. This is available only on our website, at http://www.scottish.parliament.uk/business/chamber/journalMinutes/Journal.htm

Written Answers Report

This contains the questions asked by Members which were specified as requiring a written answer and the answers given by either a Minister or the Presiding Officer. Questions which were selected for an oral answer, but were not reached, are also included, together with their answers. (Questions which were given an oral answer can be found in the Official Report of the Meeting of the Parliament).

Written answers are initially available on a daily basis on our website, but the Written Answers Report is published as a weekly cumulation. Until 20 April 2001 it was arranged in volumes, and numbered sequentially within the volume, with the timing of the volume number determined by the number of written answers. Since 23 April 2001, each edition has been identified by the date-range it covers.

More information about parliamentary questions can be found on our website at http://www.scottish.parliament.uk/business/pqa/index.htm

Official Report (Committees)

Most SP papers are reports of a Committee inquiry into a subject, e.g. subordinate legislation, or Bills of the Scottish Parliament. SP papers also include other publications produced by the Parliament, such as annual reports of the Scottish Parliamentary Corporate Body.

Each document has the session and year on the front cover: Session 2 (2003). They are published with 2 numbering sequences:

1. SP Paper number – a unique number from a single sessional series – e.g. SP Paper 1 (Session 2). In the case of committee reports, the Papers issued by a particular committee are grouped in the index.

2. Committee report number – reports are numbered sequentially within a calendar year and session - e.g. 10th Report, 2003 (Session 2). This number is also given on the first page of the report in a coded form, which includes a prefix for the committee – e.g. AU/S2/04/R3.

Where a report splits into more than 1 volume, each volume retains the same SP Paper number and committee report number.

All committee reports are published in hard copy and on our website at http://www.scottish.parliament.uk/business/committees/index.htm

The prefixes for each committee are listed below:

- Audit – AU
- Communities – COM
- Edinburgh Tram (Line Two) Bill – ED2

- Enterprise and Culture – EC
- Environment and Rural Development – ERD
- Equal Opportunities – EO

Chapter 14 of the Scottish Parliament’s Standing Orders provide rules as to the laying of documents, such as reports, before the Parliament. Many types of documents, such as financial reports or annual reports of public bodies, are required by legislation or otherwise to be so laid.

Not all of these documents are published by The Stationery Office. To differentiate these items, non-TSO publications are marked by an asterisk. If you require more information about laid papers which are not published by TSO please contact the Scottish Executive Library and Information Service (see contacts page).

Acts of the Scottish Parliament

Acts are laws passed by the Parliament which have received royal assent, the stage in the legislative process when the approval of the Sovereign turns a Bill into an Act.

Explanatory Notes for Acts of the Scottish Parliament which result from Bills introduced by the Scottish Ministers (except for Acts which result from Budget Bills), are produced by the Scottish Executive Department responsible for the subject matter of the Act and are intended to make the intention and content of the Act clearer to the general reader.

They are not statutory publications and may be published later than the Act to which they relate.

Acts are Crown publications rather than parliamentary publications, although there are links to them from the Bills page on our website at http://www.scottish.parliament.uk/business/bills/index.htm

Statutory Instruments

Statutory Instruments are also known as delegated, secondary, or subordinate legislation. The primary legislation of the country is carried through the Parliament in the form of Bills. When passed these become Acts of the Parliament. An Act may confer powers on Ministers to introduce more detailed rules at a later stage, or it may specify details which may subsequently require amending. To allow this to be done without passing a new Bill, Ministers may make Scottish Statutory Instruments (SSIs). The Parliament also considers some Statutory Instruments (SIs) – i.e. instruments made by UK Ministers under powers in Acts of the UK Parliament.

There is a category of Statutory Instruments which is not formally published because they have a limited local effect. They are referred to as Local SIs or Unpublished SIs. They are differentiated by an asterisk. If you want more information about them please contact the Scottish Executive Library and Information Service.

SSIs are available to members of the public in the National Library of Scotland.

This list is printed under the authority and superintendence of the Queen’s Printer for Scotland.

Standing Orders

Where there is great variation in the length of documents, or an unpredictability in the number of documents, a standing order service is available. You will be automatically sent the relevant publications which will be invoiced separately.

The Stationery Office has detailed classification for standing orders so that it is possible to order documents in particular subject areas as well as types of publication (i.e. it is possible to order publications on housing and planning or just statutory instruments on housing and planning). All the codes are listed in the Standing Order Handbook, which is available, free of charge, from TSO.

The codes that particularly relate to the Scottish Parliament are:

Partner Libraries

Working in close co-operation with the public library sector, the Scottish Parliament has established a network of 80 Partner Libraries throughout Scotland - one in each parliamentary constituency, plus an additional seven mostly in the Highlands and islands, to reflect the unique geographic and transport problems faced by constituents in rural areas.

Partner Libraries act as focal points in local communities for information from and about the Parliament. They ensure that individuals have access to accurate, authoritative and up-to-date information about MSPs, the Parliament, its business and decisions. Staff in Partner Libraries work closely with the Scottish Parliament Information Centre (SPICe), to ensure that they have the publications and guidance they need.
