3. Communications and Outreach Plan: The Working Group discussed planning for communications, marketing and outreach activities ahead and covered:

   • engagement work to date by the Lobbying Register Team (over 100 organisations met in person and a mailing list of over 200 organisations);

   • networks and publications etc., that Working Group members can access or suggest;

   • engagement with MSPs, Ministers etc. regarding the requirements of stakeholders to successfully and accurately register relevant details of conversations between both parties.

   • continued engagement with stakeholders through meetings and events, especially sectors that have not yet been contacted or geographical areas which might require particular considerations because of the Act;
