Scottish Government Draft Budget 2014-15

Key proposals in the budget include:

- Capital investment will total over £4bn, including NPD investment of £809m. NPD investment is £164m lower than previously forecast.
- There is to be at least £68m invested in targeted actions to mitigate the impacts of UK Government welfare reforms.
- The council tax freeze continues for the seventh successive year, costing £490m to freeze the tax at 2007-08 levels.

Figures may not sum due to rounding.

Total Managed Expenditure = DEL + AME.

DEL is the discretionary element of the budget, AME is non-discretionary.
