1 Accessibility strategies

(1) Each responsible body shall prepare in relation to the school, or schools, in respect of which they are the responsible body—

(a) an accessibility strategy; and

(b) at such times as may by regulations be prescribed, further such strategies,

and that strategy and any such further strategies as may, from time to time, be prepared are together referred to in the following provisions of this section and in sections 2 and 3 of this Act as an “accessibility strategy”.

(2) An accessibility strategy is a strategy for, over a period prescribed by regulations—

(a) increasing the extent to which pupils with a disability can participate in the school’s curriculum or, as the case may be, the schools’ curriculums;

(b) improving the physical environment of the school, or schools, in relation to which the strategy is prepared for the purpose of increasing the extent to which pupils with a disability are able to take advantage of education and associated services provided or offered by such school or schools; and

(c) improving the communication to pupils with a disability—

(i) within a reasonable time; and

(ii) in ways which are determined after taking account of their disabilities and any preferences expressed by them or their parents,

of information which is provided in writing for pupils, or persons who may be admitted as pupils, who do not have a disability.

(3) An accessibility strategy shall be in writing.
(4) Each responsible body shall keep their accessibility strategy under review during the period to which it relates and, if necessary, revise it.

(5) It is the duty of each responsible body to implement their accessibility strategy.

(6) The Scottish Ministers may by regulations prescribe services which shall, or services which shall not, be regarded for the purposes of this section as being—

(a) education; or

(b) an associated service.

2 Accessibility strategies: education of children under school age outwith schools

(1) Each accessibility strategy prepared by an education authority shall, in relation to each place, other than a school, at which the authority provide school education for pupils, include a strategy for, over a period prescribed by regulations—

(a) increasing the extent to which pupils with a disability can participate in the school education provided at that place or those places;

(b) improving the physical environment of the place, or places, in relation to which the strategy is prepared for the purpose of increasing the extent to which pupils with a disability are able to take advantage of education and associated services provided or offered at such place or places; and

(c) improving the communication to pupils with a disability—

(i) within a reasonable time; and

(ii) in ways which are determined after taking account of their disabilities and any preferences expressed by them or their parents,

of information which is provided in writing for pupils, or persons who may be admitted as pupils, who do not have a disability.

(2) In subsection (1) above, the references to pupils and to pupils with a disability are references only to persons of that description—

(a) who are under school age; or

(b) who are of school age and are travelling people.

(3) In subsection (2) above, “travelling people” means persons of nomadic habit of life, whatever their race or origin.

3 Accessibility strategies: procedure

(b) consult such children, parents and young persons as they think fit; and

(c) have regard to any guidance issued by the Scottish Ministers as to—

(i) the content of an accessibility strategy;

(ii) the form in which it is to be produced; and

(iii) the persons to be consulted in its preparation.
(2) Any guidance issued for the purposes of subsection (1)(c)(iii) above may refer to persons other than persons whom a responsible body is required, by subsection (1)(b) above, to consult.

(3) A responsible body shall have regard to any guidance issued by the Scottish Ministers as to compliance with the requirements of section 1(4) of this Act.

(4) If the Scottish Ministers request a copy of an accessibility strategy prepared by a responsible body, the responsible body shall provide it to them.

(5) If requested to do so, the responsible body shall—
   (a) make a copy of their accessibility strategy available for inspection at such reasonable times as they may determine; and
   (b) subject to subsection (6) below, make the information in their accessibility strategy available in any alternative form stipulated by the person requesting it.

(6) For the purposes of subsection (5)(b) above, “alternative form” means any form or forms, other than writing, as may be prescribed by regulations.

(2) Any expression used in this Act and in the 1980 Act has, unless the contrary intention appears, the same meaning in this Act as in that Act.
