[AS INTRODUCED]

An Act of the Scottish Parliament to authorise the construction of a railway from a point east of Paisley St James Station to Glasgow Airport and to make improvements in the existing railway between Paisley St James Station and Glasgow Central Station; and for connected purposes.

PART 1

WORKS, ETC.

Works

1 Authority to construct works

The authorised undertaker is hereby authorised to construct and maintain the authorised works, namely—

(a) the scheduled works referred to in section 2 (“the scheduled works”); and
(b) the ancillary works referred to in section 3 (“the ancillary works”).

2 The scheduled works

The scheduled works are the works situated within the lateral limits of deviation shown on the Parliamentary plans, at the levels shown on the Parliamentary sections and specifically described in schedule 1 to this Act.

3 The ancillary works

(1) The ancillary works are such works of the nature described in schedule 2 to this Act as may be necessary or expedient for the purposes of, in connection with or in consequence of the construction of the scheduled works.

(2) Subject to subsection (3), subsection (1) only authorises the carrying out or maintenance of works—

(a) within the limits of deviation;
(b) on land specified in columns (1) (2) and (3) of schedules 5 and 6 for the purpose specified in relation to that land in column (4) of the relevant schedule (being land shown on the Parliamentary plans as lying within the limits of land to be acquired or used).
(3) The authorised undertaker may construct and maintain ancillary works identified in paragraphs 12 and 13 of schedule 2 anywhere within the Act limits.

4 Permitted deviation within limits
In constructing or maintaining any of the authorised works the authorised undertaker may—

(a) deviate laterally from the lines or situations shown on the Parliamentary plans within the limits of deviation for that work shown on those plans; and

(b) deviate vertically from the levels shown on the Parliamentary sections—
   (i) to any extent not exceeding 3 metres upwards; and
   (ii) to any extent downwards as may be necessary or expedient.

5 Access to works
(1) The authorised undertaker may, for or in connection with the authorised works, form and lay out means of access, or improve existing means of access to or from any public road—

   (a) at the points shown on the Parliamentary plans; or
   (b) in such location or locations within the limits of deviation or the limits of land to be acquired or used as may be approved by the roads authority.

(2) Approval of the roads authority under subsection (1)(b) shall not be unreasonably withheld and any question whether an approval has been unreasonably withheld shall, unless the parties otherwise agree, be determined by arbitration.

6 Construction and maintenance of altered roads
Where a road is altered under this Act, the altered part of the road shall when completed to the reasonable satisfaction of the roads authority, unless otherwise agreed, be maintained—

(a) by and at the expense of the authorised undertaker for a period of 12 months from its completion; and

(b) at the expiry of that period by and at the expense of the roads authority.

7 Works treated as major works for road purposes
(1) Works to which subsection (2) applies shall be treated for the purposes of Part IV of the 1991 Act as major works for roads purposes if—

   (a) they are of a description mentioned in any of paragraphs (a) to (d), (f) and (g) of section 145(3) of that Act (which defines what roads authority works are major works for roads purposes); or

   (b) they are works which, had they been executed under the powers of the roads authority, might have been carried out in exercise of the powers conferred by section 27 (dual carriageways, roundabouts and refuges) or 63 (new access over verges and footways) of the Roads (Scotland) Act 1984 (c.54).
(2) This subsection applies to any works executed under this Act in relation to a road which consists of or includes a carriageway other than those executed under power delegated to a roads authority by an agreement under section 8.

(3) In Part IV of the 1991 Act, references, in relation to major works for roads purposes, to the roads authority concerned shall, in relation to the works which are major works for roads purposes by virtue of subsection (1), be construed as references to the authorised undertaker.

8 Agreements with roads authorities

(1) Where under this Act the authorised undertaker is authorised to interfere with an existing road or part of an existing road, it may enter into agreements with the persons having the charge, management or control of the road concerning the construction (or contribution towards the expense of the construction) of—

(a) any alteration of the existing road, and
(b) any other related matters.

(2) The authorised undertaker may, by agreement with any such persons, delegate to them the power to make any such alteration of an existing road, including any bridge over any railway, and, where the authorised undertaker is responsible for maintaining the altered road or bridge, the power to maintain it.

Supplemental powers

9 Temporary stopping up, alteration or diversion of roads

(1) During and for the purposes of the execution of the authorised works the authorised undertaker may temporarily stop up, alter or divert any road and may for any reasonable time—

(a) divert the traffic from the road; and

(b) subject to subsection (2), prevent all persons from passing along the road.

(2) The authorised undertaker shall provide reasonable access for pedestrians going to or from premises abutting on a road affected by the exercise of the powers conferred by this section if there would otherwise be no such access.

(3) Without prejudice to the generality of subsection (1), the authorised undertaker may temporarily stop up, alter or divert each of the roads specified in columns (1) and (2) of schedule 3 to this Act to the extent specified (by reference to the letters and numbers shown on the relevant Parliamentary plans) in column (3), and may for any reasonable time—

(a) divert the traffic from the road; and

(b) subject to subsection (2), prevent all persons from passing along the road.

(4) The authorised undertaker shall not exercise the powers conferred by this section—

(a) in relation to any road specified as mentioned in subsection (3), without first consulting the road works authority; and

(b) in relation to any other road, without the consent of the road works authority.

(5) Consent under subsection (4)(b) shall not be unreasonably withheld but may be given subject to such conditions as the road works authority may reasonably impose.
Any question whether—
(a) consent under subsection (4)(b) has been unreasonably withheld; or
(b) a condition imposed under subsection (5) is unreasonable,
shall, unless the parties otherwise agree, be determined by arbitration.

Discharge of water

(1) The authorised undertaker may use any available watercourse or any public sewer or drain for the drainage of water, and for that purpose may—
(a) lay down, take up and alter pipes; or
(b) make openings into, and connections with the watercourse, public sewer or drain, on any land within the limits of deviation or the limits of land to be acquired or used.

(2) The authorised undertaker shall not discharge any water into any artificial watercourse, or any public sewer or drain except with the consent of the person to whom it belongs; and such consent may be given subject to such terms and conditions as that person may reasonably impose but shall not be unreasonably withheld.

(3) The authorised undertaker shall not make any opening into any public sewer or drain except in accordance with plans approved by, and under the superintendence (if provided) of, the person to whom the sewer or drain belongs, but such approval shall not be unreasonably withheld.

(4) The authorised undertaker shall take such steps as are reasonably practicable to ensure that any water discharged under the powers conferred by this section is as free as may be practicable from gravel, soil or other solid substance or oil or matter in suspension.

(5) Any difference under this section arising between the authorised undertaker and the owner of an artificial watercourse or a public sewer or drain shall, unless the parties otherwise agree, be determined by arbitration.

(6) Section 30F of the Control of Pollution Act 1974 (c.40) (which makes it an offence to pollute rivers and other waters) shall apply to, or to the consequence of, a discharge under the powers conferred by this section into any controlled waters as if this section were not a provision of a local Act or a statutory order for the purposes of section 30I(1)(f) of that Act.

(7) Nothing in this section shall affect the operation of Part IV of the 1991 Act.

(8) In this section “public sewer or drain” means a sewer or drain which belongs to Scottish Water or a roads authority.

Safeguarding works to buildings

(1) The authorised undertaker may at its own expense and from time to time carry out such safeguarding works to any building within the Act limits as the authorised undertaker considers to be necessary or expedient.

(2) The powers conferred by this section shall be exercised subject to and in accordance with schedule 4 to this Act.

(3) In this section and that schedule—
(a) “building” includes any structure or erection or any part of a building, structure or erection; and
“safeguarding works”, in relation to a building, means—

(i) underpinning, strengthening and any other works the purpose of which is to prevent damage which may be caused to the building by the construction, maintenance or operation of the authorised works;

(ii) any works the purpose of which is to remedy any damage which has been caused to the building by the construction, maintenance or operation of the authorised works; and

(iii) any works the purpose of which is to secure the safe construction and operation of the authorised works or to prevent or minimise the risk of such operation being disrupted.

PART 2

LAND

Powers of acquisition

12 Authority to acquire land

The authorised undertaker is authorised to acquire compulsorily—

(a) such of the land shown on the Parliamentary plans within the limits of deviation for the authorised works as—

(i) is described in the book of reference; and

(ii) is required by the authorised undertaker for the purposes of the authorised works; and

(b) such of the land so shown within the limits of land to be acquired or used and so described as—

(i) is specified in columns (1), (2) and (3) of Part 1 of schedule 5 to this Act; and

(ii) is required for the purposes specified in relation to that land in column (4) of that Part.

13 Acquisition of subsoil or airspace or rights

(1) In exercise of the powers conferred by section 12 the authorised undertaker may, as regards any land authorised to be acquired under that section, acquire compulsorily—

(a) so much of the subsoil of or airspace over the land; or

(b) such servitudes or other rights over the land,

as may be required for any purpose for which that land may be acquired under that section.

(2) Servitudes and other rights may be acquired under subsection (1) by creating them as well as by acquiring servitudes and other rights already in existence.

(3) Section 90 of the 1845 Lands Act and paragraph 20 of Schedule 15 to the 1997 Act (which provide in certain circumstances for the owner of the land to require the purchase of the whole rather than part of that property) shall not apply to any compulsory acquisition under this section or under section 14.
Subject to subsections (5) and (6), the Lands Clauses Acts, as incorporated with this Act, shall have effect with the modifications necessary to make them apply to the compulsory acquisition of new rights under this section or under section 14 as they apply to the compulsory acquisition of land.

As so having effect, references in the Lands Clauses Acts to land shall be treated as, or as including, references to new rights or to the land over which new rights are to be exercisable.

Section 61 of the 1845 Lands Act (estimation of purchase money and compensation) shall apply to the compulsory acquisition of a right under this section or section 14 as if for the words from “value” to “undertaking” there were substituted the words “extent (if any) to which the value of the land in or over which the right is to be acquired is depreciated by the acquisition of the right”.

**Purchase of specific new rights over land**

The authorised undertaker may acquire compulsorily in or over any of the land shown on the Parliamentary plans within any limits of land to be acquired or used and specified in columns (1), (2) and (3) of Part 2 of schedule 5 to this Act, such servitudes or other new rights as it requires for the purposes mentioned in column (4) of that Part.

**Rights in roads**

The authorised undertaker may—

- enter upon and appropriate so much of the subsoil of, or air-space over, any road that is authorised to be compulsorily acquired under section 12 as may be required for the purposes of the authorised works, and
- use the subsoil or air-space for those purposes.

The powers conferred by subsection (1) may be exercised in relation to a road without the authorised undertaker being required to acquire any part of the road or any servitude or right in relation to it.

For the purposes of section 28 (Interpretation) of the Land Registration (Scotland) Act 1979 (c.33), the powers conferred by this section shall constitute a real right and shall be an overriding interest.

Any person who—

- is an owner or occupier of land in respect of which the power of appropriation conferred by subsection (1) is exercised without the authorised undertaker acquiring any part of that person’s interest in the land, and
- suffers loss by reason of the exercise of that power,

shall be entitled to compensation.

Any dispute as to a person’s entitlement to compensation under subsection (4), or as to the amount of the compensation, shall be determined under the 1963 Act.

Subsection (2) shall not apply in relation to—

- any subway or underground building; or
- any cellar, vault, arch or other construction in or on a road which forms part of a building fronting onto the road.
16 Temporary use of land for construction of works

(1) The authorised undertaker may, in connection with the carrying out of the authorised works—

(a) enter upon and take temporary possession of any of the land specified in columns (1), (2) and (3) of schedule 6 to this Act for the purpose specified in relation to that land in column (4) of that schedule relating to the authorised works specified in column (5) of that schedule;

(b) remove any buildings and vegetation from that land; and

(c) construct on the land temporary works (including the provision of means of access) and buildings and permanent mitigation or accommodation works.

(2) Not less than 28 days before entering upon and taking temporary possession of land under this section the authorised undertaker shall serve notice of the intended entry on the owners and occupiers of the land.

(3) The authorised undertaker may not, without the agreement of the owners of the land, remain in possession of any land under this section after the end of the period of one year beginning with the date of completion of the work specified in relation to that land in column (5) of schedule 6 to this Act.

(4) Before giving up possession of land of which temporary possession has been taken under this section, the authorised undertaker shall remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land; but the authorised undertaker shall not be required to replace a building removed under this section.

(5) The authorised undertaker shall pay compensation to the owners and occupiers of land of which temporary possession is taken under this section for any loss or damage arising from the exercise in relation to the land of the powers conferred by this section.

(6) Any dispute as to a person’s entitlement to compensation under subsection (5), or as to the amount of the compensation, shall be determined under the 1963 Act.

(7) Without prejudice to section 20, nothing in this section shall affect any liability to pay compensation under section 6 or 36 of the 1845 Act or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under subsection (5).

(8) The powers of compulsory acquisition of land conferred by this Act shall not apply in relation to any land of which temporary possession has been taken under subsection (1), except that the authorised undertaker shall not be precluded from acquiring new rights over any part of that land under section 13 or 14.

(9) Where the authorised undertaker takes possession of land under this section, it shall not be required to acquire the land or any interest in it.

(10) In this section “building” includes any structure or erection.

Compensation

17 Disregard of certain interests and improvements

(1) In assessing any compensation payable on the acquisition from any person of any land under this Act, the tribunal shall not take into account—
(a) any interest in land; or

(b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land, if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(2) In subsection (1) “relevant land” means—

(a) the land acquired from the person concerned, or

(b) any other land with which that person is, or was at the time when the building was erected, the works executed or the improvement or alteration made, directly or indirectly concerned.

18  **Set-off of betterment against compensation**

In determining the amount of compensation or purchase money payable to any person in respect of an interest in land acquired under this Act in a case where—

(a) the person has an interest in any other land contiguous with or adjacent to the land so acquired; and

(b) the value of the person’s interest in any such contiguous or adjacent land is enhanced by reason of the works authorised by this Act or any of them,

the amount of the enhancement in value shall be set off against the compensation or purchase money.

19  **Application of legislation relating to certificates of appropriate alternative development**

Section 30(2)(a) of the 1963 Act (which defines the conditions in which an interest in land is to be taken as an interest to be acquired by an authority possessing compulsory powers) shall have effect in relation to any compulsory purchase authorised by this Act as if for the words “either House of Parliament relating to petitions for Private Bills” there were substituted the words “the Scottish Parliament”.

20  **No double recovery**

Compensation shall not be payable in respect of the same matter both under this Act and under any other enactment, any contract or any rule of law.

**Supplementary**

21  **Acquisition of part of certain properties**

(1) This section shall apply instead of section 90 of the 1845 Lands Act in any case where—

(a) a notice to treat is served on a person (“the owner”) under that Act (as incorporated with this Act by section 40) in respect of part only—

(i) of a house, building or factory; or

(ii) of land consisting of a house with a park or garden,
(“the land subject to the notice to treat”); and

(b) a copy of this section is served on the owner with the notice to treat.

(2) In such a case, the owner may, within the period of 21 days beginning with the day on which the notice was served, serve on the authorised undertaker a counter-notice objecting to the sale of the land subject to the notice to treat and stating that the owner is willing and able to sell the whole (“the land subject to the counter-notice”).

(3) If no such counter-notice is served within that period, the owner shall be required to sell the land subject to the notice to treat.

(4) If such a counter-notice is served within that period and the authorised undertaker agrees to take the land subject to the counter-notice, the notice to treat shall be deemed to be a notice to treat for the land subject to the counter-notice.

(5) If such a counter-notice is served within that period and the authorised undertaker does not agree to take the land subject to the counter-notice the question as to what land the owner shall be required to sell shall be referred to the tribunal.

(6) If on such a reference the tribunal determines that the land subject to the notice to treat can be taken—

(a) without material detriment to the remainder of the land subject to the counter-notice; or

(b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity or convenience of the house,

the owner shall be required to sell the land subject to the notice to treat.

(7) If on such a reference the tribunal determines that only part of the land subject to the notice to treat can be taken—

(a) without material detriment to the remainder of the land subject to the counter-notice; or

(b) in the case of part of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity or convenience of the house,

the notice to treat shall be deemed to be a notice to treat for that part.

(8) If on such a reference the tribunal determines that—

(a) the land subject to the notice to treat cannot be taken without material detriment to the remainder of the land subject to the counter-notice; but

(b) the material detriment is confined to a part of the land subject to the counter-notice,

the notice to treat shall be deemed to be a notice to treat for the land to which the material detriment is confined in addition to the land already subject to the notice.

(9) If the tribunal determines that—

(a) none of the land subject to the notice to treat can be taken without—

(i) material detriment to the remainder of the land subject to the counter-notice; or
(ii) in the case of land consisting of a house with a park or garden, without material detriment to the remainder of the land subject to the counter-notice and without seriously affecting the amenity or convenience of the house; and

5 (b) that the material detriment is not confined to a part of the land subject to the counter-notice,

the notice to treat shall be deemed to be a notice to treat for the land subject to the counter-notice.

(10) A notice to treat shall have the effect which it is deemed to have under subsection (4), (8) or (9) whether or not the additional land is land which the authorised undertaker is authorised to acquire compulsorily under this Act.

(11) In any case where by virtue of a determination by the tribunal under this section a notice to treat is deemed to be a notice to treat for less land or more land than that specified in the notice, the authorised undertaker may, within the period of 6 weeks beginning with the day on which the determination is made, withdraw the notice to treat.

(12) If the authorised undertaker withdraws the notice to treat in accordance with subsection (11) it shall pay the owner compensation for any loss or expense occasioned to the owner by the giving and withdrawal of the notice, to be determined in case of dispute by the tribunal.

(13) Where the owner is required under this section to sell only part of a house, building or factory or of land consisting of a house with a park or garden, the authorised undertaker shall pay the owner compensation for any loss sustained by the owner due to the severance of that part in addition to the value of the interest acquired.

22 Extinction or suspension of rights of way

(1) Subject to subsections (5) and (6), all private rights of way over land subject to compulsory acquisition under this Act shall be extinguished—

(a) as from the acquisition of the land by the authorised undertaker, whether compulsorily or by agreement; or

(b) on the entry on the land by the authorised undertaker under section 24,

whichever is sooner.

(2) Subject to subsections (5) and (6), all private rights of way over land of which the authorised undertaker takes temporary possession under this Act shall be suspended and unenforceable for as long as the authorised undertaker remains in lawful possession of the land.

(3) Any person who suffers loss by the extinguishment or suspension of any private right of way under this section shall be entitled to compensation.

(4) Any dispute as to a person’s entitlement to compensation under subsection (3), or as to the amount of the compensation, shall be determined under the 1963 Act.

(5) This section does not apply in relation to any right of way to which section 224 or 225 of the 1997 Act (extinguishment of rights of statutory undertakers etc.) applies.

(6) Subsections (1) and (2) shall have effect subject to—

(a) any agreement made (whether before or after this Act comes into force) between the authorised undertaker and the person entitled to the private right of way;
(b) any determination made by the authorised undertaker limiting the application of subsection (1) or (2) to the extent specified in the determination.

(7) A determination relating to subsection (1) must be made before the date on which the right in question would have been extinguished.

(8) A determination relating to subsection (2) may be made at any time before or after temporary possession of any land is taken.

(9) Notice of determination under this section must be given to the person entitled to the right of way to which it relates as soon as practicable after the making of the determination.

(10) Subsection (1) does not apply to any of the land specified in columns (1), (2) and (3) of Part 2 of schedule 5 to this Act (land outside the limits of deviation in which rights are to be acquired).

23 **Power to enter land for survey, etc.**

(1) The authorised undertaker may, in relation to any land within the limits of deviation or the limits of land to be acquired or used, for the purposes of this Act—

(a) survey or investigate the land;

(b) without prejudice to the generality of paragraph (a), make trial holes in such positions as the authorised undertaker thinks fit on the land to investigate the nature of the surface layer and subsoil and remove water and soil samples;

(c) without prejudice to the generality of paragraph (a), carry out archaeological investigations on the land;

(d) take steps to protect or remove any flora or fauna on the land where the flora or fauna may be affected by the carrying out of the works;

(e) place on, leave on and remove from the land apparatus for use in connection with the exercise of any power conferred by paragraphs (a) to (d); and

(f) enter the land for the purpose of exercising any power conferred by paragraphs (a) to (e).

(2) No land may be entered, or equipment placed or left on or removed from land, under subsection (1), unless—

(a) on the first occasion at least seven days’; and

(b) on subsequent occasions not less than three days’,

notice has been served on every owner and occupier of the land.

(3) Any person entering land under this section on behalf of the authorised undertaker—

(a) shall, if so required, before or after entering the land produce written evidence of authority to do so; and

(b) may enter with such vehicles and equipment as are necessary for the purpose of exercising any of the powers conferred by subsection (1).

(4) No trial hole shall be made under this section in a carriageway or footway without the consent of the road works authority, but such consent shall not be unreasonably withheld.
(5) Any question as to whether approval has been unreasonably withheld under subsection (4) shall, unless the parties otherwise agree, be determined by arbitration.

(6) The authorised undertaker shall pay compensation for any damage occasioned, by the exercise of the powers conferred by this subsection, to the owners and occupiers of the land.

(7) Any dispute as to a person’s entitlement to compensation under subsection (6), or as to the amount of the compensation, shall be determined under the 1963 Act.

24 Further powers of entry

(1) At any time after notice to treat has been served in respect of any land which may be purchased or over which servitudes or other rights may be purchased compulsorily under this Act the authorised undertaker may enter on and take possession of or use the land.

(2) No land may be entered under subsection (1) unless at least 3 months’ notice has been given to the owner and occupier of the land specifying the land, or part of the land, of which possession is to be taken or which is to be used.

(3) The authorised undertaker may exercise the powers conferred by this section without complying with sections 83 to 89 of the 1845 Lands Act before such exercise.

(4) Compensation for the land of which possession is taken under this section, and interest on the compensation awarded, shall be payable as if sections 83 to 89 of the 1845 Lands Act had been complied with.

25 Persons under disability may grant servitudes, etc.

(1) Persons empowered by the Lands Clauses Acts to sell and convey or dispose of land may grant to the authorised undertaker a servitude, right or privilege required for any of the purposes of this Act in, over or affecting any such land.

(2) A person may not under this section grant a servitude, right or privilege of water in which persons other than the grantor have an interest.

26 Period for compulsory acquisition of land

(1) The authority given by sections 12 and 14 for the compulsory acquisition of land and new rights for the purposes of this Act shall cease ten years from the date on which this Act comes into force.

(2) The powers conferred by sections 12, 13 and 14 for the compulsory acquisition of such land and servitudes or other rights shall, for the purposes of this section, be deemed to have been exercised in relation to any land, servitude or right if before the expiry of ten years from the date on which this Act comes into force—

   (a) notice to treat has been served; or

   (b) a declaration has been executed under paragraph 1 of Schedule 15 to the 1997 Act in respect of that land, servitude or right.
27  **Time limit on validity of notice to treat**

Section 78 of the Planning and Compensation Act 1991 (c.34) shall apply in relation to a notice to treat served under section 17 of the 1845 Lands Act as incorporated with this Act.

28  **Correction of errors in Parliamentary plans and book of reference**

(1) If the Parliamentary plans or the book of reference are inaccurate in their description of any land, or in their statement or description of the ownership or occupation of any land, the authorised undertaker, after giving not less than 10 days’ notice to the owner, lessee or occupier of the land in question, may apply to the sheriff for the relevant area for the correction of such inaccuracy.

(2) If on any application it appears to the sheriff that the inaccuracy arose from mistake, the sheriff shall certify the fact accordingly and shall in such certificate state in what respect any matter is misstated or wrongly described.

(3) The certificate shall be deposited in the office of the Clerk of the Parliament, and a copy with the Partner Libraries with which the book of reference and the Parliamentary Plans have been deposited, from which time the Parliamentary plans and the book of reference shall be deemed to be corrected according to the certificate and it shall be lawful for the authorised undertaker to take the land or, as the case may be, a right over the land and execute the works in accordance with the certificate.

(4) The Clerk of the Parliament shall keep every certificate deposited under this section with the Parliamentary plans or book of reference to which the certificate relates.

(5) An application under subsection (1) may only be made in respect of land identified in the book of reference or on the Parliamentary plans.

29  **Restrictions on compulsory purchase in respect of operational airport land**

SCHEDULE 4
(introduced by section 11)

SAFEGUARDING WORKS: PROCEDURE

1 Safeguarding works may be carried out—
   (a) at any time before or during the construction in the vicinity of the building of any
   part of the authorised works; or
   (b) after the completion of the construction of that part of the authorised works, at any
   time up to the end of the period of five years beginning with the day on which that
   part of the authorised works is first opened for use.

2 For the purpose of determining how the powers conferred by section 11 of this Act are
   to be exercised, the authorised undertaker may enter and survey any building falling
   within subsection (1) of that section and any land belonging to it and may affix to, place
   on, leave on and remove from such building or land apparatus for use in connection with
   such survey.

3 For the purpose of carrying out safeguarding works to a building under section 11 of this
   Act, the authorised undertaker may (subject to paragraphs 4 and 5)—
   (a) enter the building and any land belonging to it; and
   (b) where the works cannot be carried out reasonably conveniently without
      entering land adjacent to the building, enter the adjacent land (but not any
      building erected on it).

4 Before exercising—
   (a) a right under section 11 of this Act to carry out safeguarding works to a building;
   (b) a right under paragraph 2 to enter a building;
   (c) a right under paragraph 3(a) to enter a building or land ;or
   (d) a right under paragraph 3(b) to enter land,
   the authorised undertaker shall, except in the case of emergency, serve on the owners
   and occupiers of the building or land not less than 14 days’ notice of its intention to
   exercise that right; and in a case falling within sub-paragraph (a) or (c) the notice shall
   also specify the safeguarding works proposed to be carried out.

5 Where notice is served under paragraph 4(a), (b), (c) or (d), the owner or occupier of the
   building or land concerned may, by serving a counter-notice within the period of 10
   days beginning with the day on which the notice was served, require the question
   whether it is necessary or expedient to carry out the safeguarding works or to enter the
   building or land to be determined by arbitration.

6 The authorised undertaker shall compensate the owners and occupiers of any building or
   land in relation to which the powers conferred by this schedule have been exercised for
   any loss or damage arising to them by reason of the exercise of those powers.

7 Where—
   (a) safeguarding works to a building are carried out under section 11 of this Act; and
(b) within the period of five years beginning with the day on which the part of the authorised works constructed in the vicinity of the building is first opened for use, it appears that the safeguarding works are inadequate to protect the building against damage caused by the construction or operation of that part of the authorised works,

the authorised undertaker shall compensate the owners and occupiers of the building for any damage sustained by them.

8 Nothing in this schedule shall relieve the authorised undertaker from any liability to pay compensation under the Land Clauses Acts.

STATUTORY UNDERTAKERS, ETC.

1 Subject to the provisions of this schedule, sections 224 to 227 of the 1997 Act (power to extinguish rights of statutory undertakers, etc. and power of statutory undertakers, etc. to remove or re-site apparatus) shall apply in relation to any land which has been acquired under this Act, or which is held by the authorised undertaker and is appropriated or used (or about to be used) by it for the purposes of this Act or for purposes connected with this Act.

2 All such other provisions of the 1997 Act as apply for the purposes of the provisions applied by paragraph 1 (including sections 228 to 231, which contain provisions consequential on the extinguishment of any rights under sections 224 and 225, and sections 232(2) to (4), 233 and 235, which provide for the payment of compensation) shall have effect accordingly.

3 Where any apparatus of a utility undertaker or of a public communications provider is removed in pursuance of a notice or order given or made under section 224, 225 or 226 of the 1997 Act, as applied by paragraph 1, any person who is the owner or occupier of premises to which a supply was given from that apparatus shall be entitled to recover from the authorised undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

4 Paragraph 3 shall not apply in the case of the removal of a public sewer, but where such a sewer is removed in pursuance of such a notice or order as is mentioned in that paragraph, any person who is—

(a) the owner or occupier of premises the drains of which communicated with that sewer; or

(b) the owner of a private sewer which communicated with that sewer,

shall be entitled to recover from the authorised undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the person’s drain or sewer communicate with any other public sewer or with a private sewage disposal plant.

5 The provisions of the 1997 Act mentioned in paragraphs 1 and 2, as applied by those paragraphs, shall not have effect in relation to apparatus as respects which Part IV of the 1991 Act applies.

(c) no steps may be taken in relation to the building under section 38(1) of that Act (execution of works specified in notice under section 34(1)) which would be rendered ineffective, or substantially ineffective, by such works as are mentioned in paragraph (b); and
