How would you characterise your views on the Bill in general?

How would you characterise your views on the introduction of same sex marriage, so that same sex couples can marry each other?

In support

no one has the right to choose other than the people involved .......... its their choice not yours

How would you characterise your views on putting belief celebrants on the same footing as religious celebrants?

In support

Just because they are of the same sex does not deter from their belief’s

How would you characterise your views on the arrangements for authorising celebrants to solemnise opposite sex and same sex marriage (including the opt-in procedures)?

In support

How would you characterise your views on civil partnerships changing to marriages?

In support

this should have been done long ago and its a disgrace it has not

How would you characterise your views on allowing civil marriage ceremonies to take place anywhere, other than religious premises, agreed between the couple and registrar?

In opposition

if all parties are agreed then there should be no difference where they choose to get married .......... equal rights should be given to all same sex couples

How would you characterise your views on allowing the religious and belief registration of civil partnerships?

In support

How would you characterise your views on allowing transgender persons to stay married when obtaining a full Gender Recognition Certificate, which provides legal recognition in the acquired gender?
In support

I am in support of allowing this ........... divorce should be a choice should they want it........

Would you like to comment on the wider issue of protections for those in society who may have concerns about same sex marriage?

If it doesnt concern them why put barriers up in other peoples choices ........... they dont comment on the falling marriages between same sex couples ........... or the increasing divorce rates .......... so why should people be allowed to discriminate on same sex couples choices because it does not fall in to their boxes of how they perceive society should be ........... we have had that for far too long and lets just say it doesnt make good reading !!!!!

Would you like to comment on the wider issue of freedom of speech?

we dont have freedom of speech in the UK ...........this over the last few months has been proven ........... we are only allowed too say what is PC not how we really feel ................. Russia's people have more freedom than we do !!!!

Would you like to comment on any other wider issues in relation to the Bill that are not mentioned above?

I want Scotland to stand up and be counted ........... give same sex couples the same rights as every one else ........... nothing more nothing less ...........dont white wash it as you will only be making fools of yourself's yet again ........... try and get something right ...........
