In support

Am 100% in support of same sex marriage as Scotland should be leading the way with this as a country of NO discrimination and everyone being equal regardless of race, age, sex etc and have no opposition to same sex marriage as marriage is marriage and there should be no differences as heterosexual and gay people should have the same rights as each other

How would you characterise your views on putting belief celebrants on the same footing as religious celebrants?

Neither

How would you characterise your views on the arrangements for authorising celebrants to solemnise opposite sex and same sex marriage (including the opt-in procedures)?

How would you characterise your views on civil partnerships changing to marriages?

Gives people the choice that everyone should have regardless of sexuality as marriage is a union of love between 2 people

How would you characterise your views on allowing civil marriage ceremonies to take place anywhere, other than religious premises, agreed between the couple and registrar?

Neither

How would you characterise your views on allowing the religious and belief registration of civil partnerships?

How would you characterise your views on allowing transgender persons to stay married when obtaining a full Gender Recognition Certificate, which provides legal recognition in the acquired gender?

Fully support this as believe in equality for all

**Would you like to comment on the wider issue of protections for those in society who may have concerns about same sex marriage?**

Marriage between gay people will not destroy or undermine marriage between a man and a woman but will show that marriage is for anyone who wishes to show their feelings and commitment between each other and give them the same legal rights as any other couple would have

**Would you like to comment on the wider issue of freedom of speech?**
