A New Start: the 2015 Work Programme

PROPOSALS FOR WITHDRAWAL

We are suggesting to eliminate pending proposal for 3 main reasons.

Don’t match our political priorities

For example:
- ACTA
- Regulation on ground handling services at Union airports

Have been sitting on a negotiation table for too long

For example:
- Financing of Nuclear Power Stations
- Directive on passenger car related taxes

Won’t deliver the results that we need in their current form

For example:
- Circular Economy Package
- Energy Taxation Directive

6 months sunset clause *

- Maternity Leave Directive
- Directive on the dissemination of Earth observation satellite data for commercial purposes
- Regulation on organic production and labelling of organic products

* if not agreed in six months, withdraw and replace by a new initiative
