Consultation
Did you take part in either of the Scottish Government consultation exercises which preceded the Bill and, if so, did you comment on the financial assumptions made?
1. Yes. North Ayrshire took part in most of the consultation exercises and commented on the financial assumptions, where appropriate.

Do you believe your comments on the financial assumptions have been accurately reflected in the FM?
2. Yes.

Did you have sufficient time to contribute to the consultation exercise?
3. Yes.

Costs
If the Bill has any financial implications for your organisation, do you believe that these have been accurately reflected in the FM? If not, please provide details?
4. Yes, the only significant financial implications of the Bill for North Ayrshire Council relate to the abolition of Right To Buy and we believe that these have been accurately reflected.

Do you consider that the estimated costs and savings set out in the FM and projected over 15 years for each service are reasonable and accurate?
5. Yes.

If relevant, are you content that your organisation can meet the financial costs associated with the Bill which your organisation will incur? If not, how do you think these costs should be met?
6. The main financial impact of the Bill for North Ayrshire is the abolition of Right To Buy. We believe that the impact can be managed within our long term financial plans for the Housing Revenue Account.

Does the FM accurately reflect the margins of uncertainty associated with the estimates and the timescales over which such costs would be expected to arise?
7. Yes.

Wider Issues
Do you believe that the FM reasonably captures costs associated with the Bill? If not, which other costs might be incurred and by whom?
8. Yes.
Do you believe that there may be future costs associated with the Bill, for example through subordinate legislation? If so, is it possible to quantify these costs?

9. At this stage we do not foresee any additional future costs associated with this Bill.
