I'm writing to you as Convener of the Infrastructure and Capital Investment Committee to advise you that the Progress Report on the Scottish Fuel Poverty Statement 2002 has been published on the Scottish Government's website:

http://www.scotland.gov.uk/Topics/Built-Environment/Housing/warmhomes/fuelpoverty/Progtowtarg

This Report sets out how we have tackled fuel poverty since the 2010 Progress Report was published, and presents the evidence on the impact these interventions have made.

We will also shortly publish a report on the Scottish Government website setting out the number of measures delivered through our Home Energy Efficiency Programmes for Scotland in 2013/14. A link to this report will be provided in due course.

Kind regards

MARGARET BURGESS
