## 6. Civic Licensing – Sexual Entertainment Venues

You may respond to all questions or only those you have a specific interest in. (Text boxes have no word limit, they will increase in size accordingly).

### 50. What are the consequences of operating the new licensing regime using the definitions set out at section 68 of the Bill?

- 'sexual entertainment venue'
- 'audience'
- 'financial gain'
- 'organiser'
- 'premises'
- 'sexual entertainment', and
- 'display of nudity'

Having worked as a dancer for the last year and a half I feel that to change the terminology from adult entertainer to sexual entertainer would have serious connotations. I feel that it would be derogative to me and my profession.

### 51. The Bill specifies that a venue hosting sexual entertainment on three occasions or less within a 12 month period would not be treated as a sexual entertainment venue: does this have any unintended consequences?

If this was to happen the implications would be that as a dancer I would be put into an unsafe environment without the appropriate rules and regulations being enforced. I have worked within regulated premises as a dancer and would feel extremely vulnerable if the correct security was not in place.

**52. Local licensing authorities will be able to set the number of sexual entertainment venues in their area to below the existing level, or zero: are there any advantages or disadvantages to this approach?**

So in my opinion there are no advantages to this situation as dancers and workers in the industry will constantly be in fear that they will lose their jobs, in the current climate this would not be a positive scenario.

**53. The Bill relies mainly on the existing licensing regime for sex shops as set out in**

**section 44 and Schedule 2 of the Civic Government (Scotland) Act 1982 (application, notification, objections and representations, revocation of licences etc., enforcement and appeals): is this mechanism adequate for the licensing of sexual entertainment venues - if not, please explain why?**

**54. Are there any barriers to licensing authorities operating the new licensing regime?**

## 55. Civic Licensing

**Do you have any other comments to make on the civic licensing aspects of the Bill?**

I feel to close the industry in Glasgow/Scotland would not be a positive thing. I love my job and we work as and when we chose to. It is a great environment and I have never felt my safety ever compromised. It would only be negative to shut the clubs down.
