Dear Roseanna,

Scottish Government Scottish Biodiversity Strategy Report to Parliament

I am writing regarding the forthcoming publication of the Scottish Government’s Scottish Biodiversity Strategy year 3 Progress Report to the Scottish Parliament. The Environment, Climate Change and Land Reform Committee discussed this publication at its most recent work programme discussion and agreed that I should write to you in order to ascertain the Scottish Government’s intended method of publication and whether there will be a statement or debate in the Scottish Parliament on this publication.

The Committee believes an opportunity of this kind would reflect the importance of this document and afford the Scottish Parliament an opportunity to consider the progress Scotland is making towards meeting its biodiversity targets.

A response would be welcomed by 25 April 2017.

I look forward to hearing from you.

Yours sincerely,

Graeme Dey MSP
Convener
Environment, Climate Change and Land Reform Committee
