Local Government and Communities Committee

Post-Legislative Scrutiny of the Disabled Persons’ Parking Places (Scotland) Act 2009

Submission from David Gallant

Re: disabled parking.

Parking legislation needs to be amended by prohibiting parking at bus stops.

Many buses on local routes throughout Scotland carry wheelchairs, but they cannot get on or off buses unless the bus can pull in at the kerb. Parking legislation needs to be amended to prohibit all parking at bus stops so that wheelchair users can actually use buses that carry wheelchairs.
