Dear committee members

I am writing to you as a member of a group of students studying politics at South Lanarkshire College.

I am writing to you in reference to the child poverty bill. We are aware that submissions in relation to the bill are currently being welcomed and we would raise the following point.

I think the aims of the bill are exactly what we should be pushing towards but am curious to know what the plans are after child poverty is cut to 10% in Scotland in 2030. For me the remaining 10% of children in poverty will become the most vulnerable in Scotland and I think that every effort should continue to be made to reduce this number even more and eventual eradicate the problem completely.
