

Parliamentary Bureau – Future Business programme

Possible motions for Members' business

1. Bureau members will be aware that under Rule 5.6.1(c) the Bureau has a duty to ensure that there is a period of time available for Members' Business at each meeting of the Parliament.
2. This paper is circulated with the Bureau papers each week and provides Bureau members with an updated list of motions lodged each week for Members Business debate. The paper will also provide Bureau members with a record of Members Business debates throughout the session, and the number and frequency of such debates that each party has had.
3. Bureau members may wish to note for information that the rota for Members' Business until October recess is as follows—

4. Motions submitted for Members' Business are shown below—

S6M-17428: Karen Adam: Thomas Blake Glover, Fraserburgh's International Legacy— That the Parliament recognises what it sees as the extraordinary global contribution of Thomas Blake Glover, a pioneering Scottish merchant and industrialist, who was born on 6 June 1838 in Fraserburgh, at what is now known as Glover Garden on Commerce Street, and who was the son of the town's harbour master; acknowledges Thomas Blake Glover's key role in 19th century Japan, where he supported the Choshu Five, a group of young scholars whose work helped shape modern Japanese governance, industry and education, including the introduction of sign language; notes his pivotal contribution to the establishment of the Mitsubishi Corporation and his influence in the development of Japan's shipbuilding and industrial sectors; celebrates the enduring cultural and economic links between

Scotland and Japan that it believes Thomas Blake Glover helped to foster, including the internationally renowned Glover Garden in Nagasaki; recognises the contemporary relevance of his legacy in Fraserburgh, where offshore wind turbines, visible from the coast and maintained at the harbour where Thomas Blake Glover's father served, include parts manufactured by Mitsubishi; acknowledges what it sees as this powerful link between Fraserburgh's maritime heritage and its current role in the global energy transition; welcomes the development of Fraserburgh's own Glover Garden as a symbol of education, pride and international friendship, and wishes every success to the organisers and attendees of the inaugural Thomas Blake Glover Festival, taking place on 8 June 2025, in the hope that it will become a lasting annual celebration of Fraserburgh's unique contribution to global history.

S6M-17330: Kevin Stewart: Aberdeen to Welcome the Tall Ships Races— That the Parliament welcomes the return of the Tall Ships Races to Aberdeen from 19 to 22 July 2025; recognises that the event, which will see over 50 tall ships and over 1,500 international crew arriving in the harbour in the Aberdeen Central constituency, sees the ships coming back to the Granite City for the first time in 28 years, and will be the largest fleet of the 2025 races; understands that there will be a plethora of entertainment for visitors and residents alike to partake in while the ships are berthed in Aberdeen, including public access to the ships themselves, parades, cultural events, open-air concerts, headlined by Deacon Blue, Kaiser Chiefs, Ministry of Sound Classical, Tide Lines and Callum Bowie, and much more; believes that this has the potential to be the biggest event in Aberdeen in a generation, with the opportunity to create a lasting legacy in the city, and hopes that it is a tremendous success that brings a lot of joy and excitement to all those who join in with the festivities.

S6M-17234: Pam Gosal: Welcoming the Supreme Court's Judgment on the Definition of the Word "Woman"— That the Parliament welcomes and respects the judgment of the Supreme Court of the UK on 16 April 2025 in the case, *For Women Scotland Ltd v The Scottish Ministers*; recognises that the court unanimously ruled that the terms "woman" and "sex" in the Equality Act 2010 refer to biological woman and biological sex; congratulates For Women Scotland on what it sees as the group's hard work and dedication in protecting and strengthening women's rights; considers that this decision will have many implications for the rights of women and girls, including those living in East and West Dunbartonshire, and notes calls on the Scottish Government to review its policies to ensure that these are in line with the law.

S6M-17216: Liam Kerr: Recognising RAAC in Council and Former Council Housing— That the Parliament acknowledges the reported presence of reinforced autoclaved aerated concrete (RAAC) in council and former council housing in Aberdeen's Balnagask, Dundee, Monifieth and throughout Scotland; understands that, in Torry, around 150 of these properties are privately owned; expresses concern that the buy-back offers proposed by councils may value these properties at less than they were bought for; notes reports that the Scottish Government does not believe that it has a liability to compensate or financially assist affected homeowners; regrets what it sees as the attempt by the Scottish Government to divert responsibility, by reportedly trying to pin responsibility on the UK Government for this devolved matter; further regrets reports of the reluctance of the Minister for Housing

to meet the Torry RAAC campaign group and that he has not met with other campaign groups, including those in Dundee, and notes calls on MSPs to utilise all available powers to explore solutions for affected homeowners, including initiating an urgent committee inquiry.

S6M-17172: Clare Adamson: The Harm of Gambling Addiction— That the Parliament notes reports of the concerning rise of gambling addiction in Scotland, including in the Motherwell and Wishaw constituency; believes that gambling can have adverse impacts on the health and wellbeing of individuals, families, communities and society, such as loss of employment, debt and a deterioration of physical and mental health, and that this can lead to increased risk of suicide among individuals affected by problem gambling; understands that approximately 1% of the adult population in Scotland, around 55,000 people, is estimated to be experiencing severe gambling problems, with a further 3.8% at risk of developing gambling-related issues, according to the Scottish Health Survey 2020; further understands that gambling-related crime, often driven by financial desperation, poses a threat to public safety and community wellbeing, with GamCare's annual statistics report suggesting that more than 50% of individuals seeking help for gambling addiction also reported committing criminal acts to fund gambling activities; considers gambling addiction to be a significant public health issue and notes the view that it requires sustained policy intervention; believes with concern that there is an unprecedented variety of gambling apps, websites, online games, lotteries and social media platforms; notes with further concern marketing campaigns that promote gambling, despite the reported myriad public health concerns, and commends organisations, such as GamCare and the John Hartson Foundation, for their commitment and dedication to reducing the harm of problem gambling.

S6M-17103: Katy Clark: Recognition of the State of Palestine— That the Parliament notes the calls from people in the West Scotland region and across the country for the UK Government to recognise the State of Palestine; understands that 146 member states of the UN recognise Palestine as a sovereign state, encompassing the West Bank and the Gaza Strip; believes that independent Palestinian statehood on the basis of a free people with rights to self-determination and territorial integrity is an inalienable right and requirement for permanent peace between Palestine and the State of Israel; expresses grave concern over what it sees as the humanitarian catastrophe in Gaza and the Israeli military escalation in the occupied West Bank, including the deployment of tanks into Jenin for the first time in over two decades, and notes the view that a much-needed pathway to a sustainable and peaceful solution must be rooted in accountability and justice, upholding the dignity of both Israeli and Palestinian civilians.

S6M-17020: James Dornan: Upholding the Gleneagles Agreement— That the Parliament recognises what it sees as the important work of campaigners in Glasgow and across Scotland highlighting the campaign, Show Israel the Red Card; understands that the campaign aims to highlight what it considers to be the bias of allowing the ongoing participation of athletes representing Israel, such as Boaz Markus, in sporting events while, it believes, Israel is breaching sporting statutes and international law, as well as reportedly killing athletes and destroying their sports infrastructure due to what it sees as the ongoing occupation and genocide in Palestine; notes the recent call of the Celtic FC supporters' group, the Green

Brigade, to extend this campaign to football fans from around the world; further notes the view that, now that members of the International Court of Justice have reportedly considered Israel to be an apartheid state, and that governments must take steps to end it, the Gleneagles Agreement now applies; highlights what it sees as the powerful role that sport has in promoting freedom of movement and expression of culture, which, it believes, is currently denied to Palestinian people; acknowledges what it regards as Scotland's role, as part of the UK, in the creation of the Israeli state through the Balfour Declaration; notes the view that Scotland, therefore, has a duty of redress to the Palestinian people, and further notes the view that the Scottish Government must lead the way in calling for sporting boycotts as an effective way to isolate Israel internationally and to help end what is considered as the apartheid regime in Palestine pursuant to the freedom of Palestinian people.

S6M-16874: Fulton MacGregor: The Plight of Albion Rovers and Preserving Scotland's Historic Football Clubs— That the Parliament notes with concern the financial difficulties faced by Albion Rovers FC; believes that the Coatbridge club, which is one of Scotland's oldest, was founded in 1882 and has been an integral part of the community for over 140 years; notes that these financial concerns were detailed in a statement from the club in March 2025 and include the impending loss of the SPFL "parachute payment" that it currently receives from the start of the 2025-26 season; considers that historic clubs, such as Albion Rovers, have played a significant role in shaping Scotland's football heritage and the communities they serve, bringing joy to many supporters, providing a pathway for local talent and fostering aspiration; is concerned that financial pressures and changing football structures threaten the future of many clubs with deep-rooted local and historical significance; acknowledges the efforts of fans, volunteers and businesses in the Coatbridge and Chryston constituency in supporting Albion Rovers through what it sees as these challenging times, and notes the calls for the Scottish Government, football authorities and community stakeholders to explore ways to support and sustain historic clubs, with the aim of ensuring that they continue to thrive and contribute to their communities for generations to come.

S6M-16832: Christine Grahame: Borders Together Tartan— That the Parliament welcomes the unveiling of the Borders Together Tartan, the Scottish Borders' memorial to the experiences of residents during the COVID-19 pandemic, which is part of a Scotland-wide project, Remembering Together; understands that the tartan's creation, which has been facilitated by Two Destination Language, was developed with input from people across the Borders, with over 700 contributions leading to the final design; notes that the tartan is made to symbolise the unity and strength of the Borders' communities during the pandemic, with 2025 marking five years on from its outbreak; recognises that there have been a number of public unveiling events at various locations throughout the Borders, offering the opportunity to take a moment to reflect on the impact the pandemic had on everyone's lives while also celebrating the resilience shown by communities, and believes that this is a fitting way to reflect.

S6M-16631: Emma Harper: Brain Tumour Awareness Month 2025— That the Parliament recognises that March 2025 is Brain Tumour Awareness Month; understands that brain tumours remain the biggest cancer killer of children and adults under 40; recognises that data in Scotland shows that 70% of diagnoses of

brain cancer take place in an emergency setting; acknowledges that people affected by brain cancer are the most likely of all cancer patients to be diagnosed during an emergency admission to a hospital; understands that there are over 120 different types of brain tumour; further understands the benefits and need for achieving a faster diagnosis for those affected, which includes potentially reducing the number of initial surgeries that are conducted as emergency procedures and providing potentially more opportunities to participate in research; commends the efforts of the Brain Tumour Charity and its Scottish Steering Committee in working towards achieving a faster, better diagnosis for those affected by raising awareness of the disease, seeking to improve diagnostic pathways and establishing diagnostic/triage tools once available, and notes that those impacted by a brain tumour can reach out to the Brain Tumour Charity and access a variety of support services.

S6M-16452: Sharon Dowey: Improving Access to Hearing Care for Scotland's Ageing Population— That the Parliament understands that over 900,000 adults in Scotland live with age-related hearing loss; believes that uncorrected hearing loss can have a significant impact on people, notably social isolation, mental ill health and a heightened risk of developing dementia; understands that demand for hearing care services is increasing across the country, including in Ayrshire, as a result of changing demographics; notes that the number of over 60s in Scotland is projected to increase by 50% by 2033, and that South Ayrshire is the fastest ageing local authority area; notes the view that additional capacity in NHS services is needed to ensure that people presenting with hearing loss can access quality and timely care; considers that independent providers of audiology services have the skills, IT connectivity and capacity to meet the increased demand; notes the Scottish Government's commitment to bolster community audiology provision and put community audiology services on a par with the country's free community eye care services, and further notes the view that there is an opportunity to improve dramatically access to hearing care services by replicating this model.

S6M-16194: Elena Whitham: Common Ground Forum on Deer — That the Parliament recognises the recent Nature of Scotland Award for Innovation to the Common Ground Forum for its work addressing challenging conflicts and relationships in the deer management sector; welcomes that the forum has brought together stakeholders, including land managers and conservationists, to build consensus and common understanding; notes what it sees as the importance of effective deer management, both in achieving nature restoration and the viability of rural businesses in many parts of the country, including in Carrick, Cumnock and Doon Valley, and notes the view that all sides of the deer sector should continue to embed the Common Ground Forum's approach.

S6M-16094: Bob Doris: Celebrating 50 Years of Summerston: That the Parliament congratulates the community of Summerston, in the Glasgow Maryhill and Springburn constituency, on reaching the significant milestone of having been established for 50 years; understands that the first residents settled in the area from late 1974; believes that, in the years that followed, they witnessed a strong, close knit and civically-minded community develop; commends the Summerston Community and Environmental Group (SCEG) on its efforts to both improve the area's environment and celebrate the five decades of Summerston as a community; acknowledges the work of SCEG in, it believes, it being "hands on" in its efforts to

enhance the local area; notes that a community action plan was developed by SCEG following a major community consultation to help further improve the area; believes that a successful, piper-led, winter lantern parade, supported by Summerston schoolchildren and the wider community took place on the 27 November 2024 to mark the 50th anniversary, which kickstarted a number of events planned over the next 12 months; considers that constructive community activism and participation is a key component in helping communities such as Summerston prosper; supports the coming year's activities, and wishes the people of Summerston every success on the area continuing to thrive for the next 50 years and beyond.

S6M-15136: Colin Smyth: Justice for the Fornethy Survivors— That the Parliament commends what it sees as the bravery and determination of the group, Fornethy Survivors, which continues in what it considers its fight for justice for the reported hundreds of women who experienced appalling physical, psychological and, in some cases, sexual abuse as young girls while they resided at Fornethy Residential School, in Angus, between 1960 and the 1990s; understands that Fornethy was reportedly one of a small number of schools run by Glasgow Corporation, and later by Strathclyde Regional Council, under its "scheme of residential education", and that the scheme began in 1945 with the approval of the then Secretary of State; notes the Citizen Participation and Public Petitions Committee's recommendation that the Scottish Government should consult on expanding Scotland's Redress Scheme to include residential institutions, such as Fornethy, that were owned and operated by public bodies, regardless of how long children stayed in those institutions; acknowledges the reported difficulties that the survivors have had in obtaining personal records that were held by the owners of Fornethy House at the time, which were Glasgow Corporation and Strathclyde Regional Council; understands that, in March 2024, the former Deputy First Minister, Shona Robison, told the Citizen Participation and Public Petitions Committee that she did not intend to change the eligibility criteria for Scotland's Redress Scheme, and that part of the rationale for this was that "the absence of records means that, even if the eligibility criteria were to be changed, Fornethy survivors are unlikely to meet the evidential requirements of the scheme"; considers, however, that this did not align with the committee's understanding of Redress Scotland's evidence to it that panel members tasked with determining applications for redress work from a presumption of truth, and that there is provision in the statutory guidance for discretion to be used where records are missing or limited, with applications considered on their individual merit; recognises that it has been reported that over 200 women from different parts of the country, particularly in the Glasgow area but also including the South Scotland region, have come forward to tell of the abuse that they suffered, and understands that the Fornethy survivors are seeking compensation in recognition of this abuse, and also answers to why the abuse at Fornethy reportedly continued over so many years, as well as a meaningful public
