## MINUTES OF PROCEEDINGS

Parliamentary Year 5, No. 17, Session 6

Meeting of the Parliament

Wednesday 18 June 2025

Note: (DT) signifies a decision taken at Decision Time.

The meeting opened at 2.00pm.

**1. Portfolio Questions:** Questions on Rural Affairs, Land Reform and Islands, and then on Health and Social Care, were answered by Cabinet Secretaries and Ministers.

**2. Demanding a Better Deal for Taxpayers in Scotland:** Craig Hoy moved S6M-17980—That the Parliament notes that the Scottish Government's failure to grow Scotland's economy has led to an economic performance gap worth £1.1 billion in 2025-26 alone; believes that there should be a crackdown on wasteful expenditure from the Scottish Government through the tightening of spending rules in the Scottish Public Finance Manual, reducing the number of highly paid senior executives within the public sector, and reversing the recent ministerial pay rise, and calls on the Scottish Government to use the proceeds of a crackdown on waste to cut income tax by up to £444 for every person in Scotland by abolishing the 20% and 21% rates of income tax, so that everyone earning up to £43,662 pays 19p for every £1 earned.

The Cabinet Secretary for Finance and Local Government (Shona Robison) moved amendment S6M-17980.2—

As an amendment to motion S6M-17980 in the name of Craig Hoy (Demanding a Better Deal for Taxpayers in Scotland), leave out from “notes” to end and insert “believes that public service reform must be an ongoing process in order to deliver the best use of public funding, and recognises that the Scottish

Conservative and Unionist Party's arbitrary scheme would lead to a cut in available public funding for vital services like the NHS."

Michael Marra moved amendment S6M-17980.1—

As an amendment to motion S6M-17980 in the name of Craig Hoy (Demanding a Better Deal for Taxpayers in Scotland), leave out from "believes" to end and insert "understands that the Scottish National Party administration has wasted in excess of £6.7 billion of taxpayers' money since 2007; believes that the Scottish Government's reckless spending and failure to grow Scotland's economy has led to an overreliance on tax increases to plug annual budget gaps; welcomes the UK Government's decision to decisively end austerity, deliver a record budget settlement for Scotland, and pledge an extra £9.1 billion over the next three years, and believes that the Scottish Labour Party's plan to establish a Scottish treasury with strategic oversight for spending in all Scottish Government departments is essential in order to put an end to waste and ensure that people in Scotland get value for money."

After debate, amendment S6M-17980.2 was agreed to ((DT) by division: For 72 (including 2 proxy votes), Against 42, Abstentions 1). As a result, amendment S6M-17980.1 was pre-empted.

The motion, as amended, was agreed to ((DT) by division: For 83 (including 2 proxy votes), Against 31, Abstentions 1).

Accordingly, the Parliament resolved—

That the Parliament believes that public service reform must be an ongoing process in order to deliver the best use of public funding, and recognises that the Scottish Conservative and Unionist Party's arbitrary scheme would lead to a cut in available public funding for vital services like the NHS.

### **3. Recognising the Economic Contribution of Scotland's Defence Sector:**

Murdo Fraser moved S6M-17981—That the Parliament recognises the significance of the defence industry to Scotland's economy, in providing secure, well-paid and highly skilled jobs and in driving innovation in the science, technology, engineering and maths (STEM) sector; notes that proposed increased spending on defence provides a substantial opportunity for growth; regrets that Scottish Government policy has meant that a Scottish Enterprise grant to support the Rolls-Royce specialist naval welding skills centre in Glasgow for submarine construction has been refused, and calls on the Scottish Government to drop the policy, which prevents public funds being invested in projects such as this.

The Deputy First Minister and Cabinet Secretary for Economy and Gaelic (Kate Forbes) moved amendment S6M-17981.3—

As an amendment to motion S6M-17981 in the name of Murdo Fraser (Recognising the Economic Contribution of Scotland's Defence Sector), leave out from "; notes" to end and insert ", and in protecting national security,

especially at a time of increased global instability, and notes that defence is a matter reserved to the UK Government under the Scotland Act 1998 and that the Scottish Government's long-standing position is that public money should focus on diversification."

After debate, the amendment was agreed to ((DT) by division: For 62 (including 1 proxy vote), Against 53 (including 1 proxy vote), Abstentions 0).

Daniel Johnson moved amendment S6M-17981.1—

As an amendment to motion S6M-17981 in the name of Murdo Fraser (Recognising the Economic Contribution of Scotland's Defence Sector), insert at end "; welcomes the confirmation from the UK Government that it will provide the funding for the welding skills centre so that the project does not collapse; notes the contradiction in the Scottish Government's policy, as the publicly owned Ferguson Marine shipyard is providing steel fabrication work for Type 26 frigates, and believes that this haphazard and misjudged policy is holding back the creation of jobs and economic growth in Scotland."

After debate, the amendment was disagreed to ((DT) by division: For 46, Against 69 (including 2 proxy votes), Abstentions 0).

Lorna Slater moved amendment S6M-17981.2—

As an amendment to motion S6M-17981 in the name of Murdo Fraser (Recognising the Economic Contribution of Scotland's Defence Sector), leave out from "recognises" to end and insert "notes with concern that, despite the Scottish Government's policy that public funds to the defence industry should focus on diversification, at least £8 million of Scottish Enterprise grants have been awarded to companies involved in arms dealing and manufacturing since 2019; further notes that a number of these businesses have directly supplied weapons and military equipment to Israel during its assault on Gaza; understands that, despite this, still no company has failed Scottish Enterprise human rights due diligence checks, and calls, therefore, on the Scottish Government to urgently report on its promised review of Scottish Enterprise's human rights checks before the summer recess and to provide Scottish Enterprise with a clear direction on the use of public funds to ensure that Scotland meets its international obligations."

After debate, the amendment was disagreed to ((DT) by division: For 7 (including 1 proxy), Against 108 (including 1 proxy vote), Abstentions 0).

The motion, as amended, was agreed to ((DT) by division: For 62 (including 1 proxy vote), Against 53 (including 1 proxy vote), Abstentions 0).

Accordingly, the Parliament resolved—

That the Parliament recognises the significance of the defence industry to Scotland's economy, in providing secure, well-paid and highly skilled jobs and in driving innovation in the science, technology, engineering and maths (STEM) sector; and in
