

PE1864/HHHHHH: Increase the ability of communities to influence planning decisions for onshore windfarms

Murdo Fraser MSP written submission, 28 August 2025

A number of constituents have written to me asking for my support for this Petition, in relation to the number of onshore windfarm planning applications now coming forward across the Mid-Scotland and Fife region.

I have a great deal of sympathy for what this Petition is trying to achieve, and accordingly am writing in support of the Petition, and hope that it will be given due consideration by the Committee.
