

# **PE1864/KKKKKK: Increase the ability of communities to influence planning decisions for onshore windfarms**

## **Russell Findlay written submission, 9 September 2025**

I would like to request that the committee considers that petition PE1864 be referred to the Parliament Chamber for a debate when it is discussed at the meeting on Wednesday 10 September.

I believe that it is vital that the Scottish Government listens to the views of communities impacted by these infrastructure projects which have a long-lasting effect on local areas and businesses.

Thank you for your consideration of this matter.
