

PE2087/I: Pass a law making exercising a dog in a cemetery an offence

Clackmannanshire Council written submission, 29 April 2025

From our perspective we allow dogs, but they must be on a lead. I personally do not believe we would be able to prevent people bringing their dogs, we could not police this.

Cemetery Management rules state: Except for Guide Dogs or working Assistance Dogs, all dogs entering cemetery grounds must be kept on a leash and under proper control.
