27th October 2023

Dear Secretary of State,

How is devolution changing outside the EU

Thank you for your letter dated 4th September in response to my letter dated 25th May in which I provided a summary of constitutional issues which arose during our inquiry on how devolution is changing outside the EU. Your response was very helpful in informing our report which has now been published: [How Devolution is Changing Post-EU \(azureedge.net\)](#)

The Committee would welcome a response from you on our conclusions and recommendations. In particular, it would be helpful to have a response to our findings and recommendations at paragraphs 82, 123, 148-50, 196, 197 and 198-200.

The Committee also agreed that it is essential that we have the opportunity to hear from you to discuss our findings. It would be helpful to do so before the Christmas recess and our clerks are available to discuss a mutually convenient date with your officials.

Yours sincerely

Clare Adamson MSP, Convener of the Constitution, Europe, External Affairs and Culture Committee
