Dear

### Inquiry into Long COVID

The COVID-19 Recovery Committee (the Committee) has launched an [inquiry into long COVID](#) and intends to scrutinise what action the Scottish Government is taking to address long COVID and post COVID syndrome.

In advance of launching the inquiry, the Committee [wrote](#) to the Scottish Government seeking an update on a number of areas in relation to long COVID. The Scottish Government [replied](#) and its response included details of the organisations to which funding has been made available for 2022-23, which includes your organisation. The Scottish Government's summary of the allocations provided can be found in the **Annexe** to this letter.

I would be grateful if you could provide further information in relation to long COVID services within your organisation including—

- details on the current services available including information on how the Scottish Government funding has been used;
- any barriers to service development and provision;
- any examples of good practice; and
- details of future plans for long COVID service provision in the short and medium term.

I would be grateful if you could provide a response by **10 February 2023**. The Committee accepts responses by e-mail to our mailbox:  
Covid19.Committee@Parliament.Scot.

Yours sincerely,

Siobhian Brown MSP  
Convener  
COVID-19 Recovery Committee
