Maree Todd MSP
Minister for Drugs and Alcohol Policy
Scottish Government

19 September 2025

Dear Minister

Problem drug use in Scotland follow-up: Glasgow's Safer Drug Consumption Facility

I am writing regarding the recent publication by the Scottish Affairs Committee of its [report](#) on its inquiry into *Problem drug use in Scotland follow-up: Glasgow's Safer Drug Consumption Facility*.

The Scottish Affairs Committee makes a number of recommendations within its report on measures to be implemented to reduce drug deaths in Scotland.

It would be helpful if you could please provide the Scottish Government's view on the Scottish Affairs Committee's recommendations ahead of providing evidence at the next meeting of the cross-committee on tackling drug deaths and drug harms, which is scheduled for Thursday, 2 October.

If you could please a response by Friday, 26 September, that would be much appreciated.

Yours sincerely,

Audrey Nicoll MSP
Convener
