Dear Convener,

### **REPORT ON DAMAGES FOR PERSONAL INJURY**

As you will be aware, the Scottish Law Commission published in December 2024 its Report on Damages for Personal Injury (Scot Law Com No. 266). I am aware of the Committee's interest in implementation of SLC recommendations and so I am writing to you to provide a copy of the Scottish Government's response to the recommendations set out in that Report.

Overall, I am supportive of the general approach set out in the Report, including the recommendations regarding the Prescription and Limitation (Scotland) Act 1973 and asymptomatic asbestos-related conditions.

Yours sincerely,

**Siobhian Brown**
