Dear Ms Baker

REGISTERS OF SCOTLAND – MONTHLY PROGRESS UPDATE

Performance Information

I am writing to provide links to our monthly end of June 2023 performance position. Please see our [status of open casework](#), [casework turnaround times](#), and [delivering the benefits of a complete land register figures](#).

Further to my letter after our most recent committee appearance, I am pleased to confirm that the [performance page relating to the total number of open cases](#) has been updated to contain additional information. This update was based on feedback from Law Society of Scotland Property Law Committee colleagues. The page now includes a graphic to highlight an easier month by month comparison of progress and we have also added data to show the year-on-year progress with clearing our longer-standing open cases.

Other Key RoS Activities

As the Committee will be aware, I publish a monthly newsletter for customers and stakeholders highlighting the key RoS developments. For ease, I attach a [link to the June newsletter](#) for information.

New EFW Committee Appointments

I note that a number of new EFW Committee members have recently been appointed. I plan to write to those MSPs over the summer to provide a short introduction to RoS and to extend an invite to visit our Edinburgh or Glasgow offices to receive a more bespoke briefing if they would find this useful. We could also provide this briefing virtually if preferred. I hope this will be helpful in familiarising new committee members with the work of RoS ahead of our next committee appearance.

If you require anything further in relation to the information provided in this update, please let me know.

Yours sincerely
