Dear Emma

Climate Change Committee evidence on the draft Climate Change Plan

Thank you for your 30 January letter, which included the offer of a private briefing on the draft Climate Change Plan. I confirm that, as was communicated at official-to-official level last Friday, the Committee did not agree to proceed with this offer.

Your letter also offered a public evidence session once your report has been published, which the Committee are happy to accept. I understand that officials have made arrangements for this be scheduled for 3 March. The Committee looks forward to discussing our and the CCC's findings on the draft Climate Change Plan then.

Yours sincerely,

Edward Mountain MSP
Convener
