Dear Richard,

Erratum - Evidence Session 29 October

Whilst reviewing the Draft Official Report for the evidence session on 29th October I noted that there is a factual error in SEPA's evidence.

We noted that there are 14 flood risk management plans in Scotland, which is correct, but then went on to suggested that there are also 14 regional flood resilience managers within SEPA. In fact, SEPA has four regional flood resilience managers.

Whilst the Official Report is accurate, I should like Committee members to kindly note the accurate figure for regional flood resilience managers in SEPA.

Yours sincerely,

Peter
