Dear Patricia,

Thank you for your letter regarding joint working and interparliamentary engagement between the Scottish Affairs Committee and Scottish Parliament committees. Where there are matters relevant to the remits of both your Committee and the Delegated Powers and Law Reform Committee, we would be pleased to explore how we might work together in a joined-up way. As our work programme develops, we will keep interparliamentary opportunities in mind and be in touch where they arise.

Yours sincerely,

Calum Kerr MSP
