

The Scottish Parliament
Pàrlamaid na h-Alba

Transport Committee

Graeme Thomson
Chief Executive Officer
Ferguson Marine

25 September 2026

Dear Mr Thomson,

MV Glen Rosa Delivery Update

The Transport Committee of the Scottish Parliament was established following the election in May. The Committee's remit includes ferry services, and one of its agreed priorities is rural and island connectivity.

The previous Net Zero, Energy and Transport (NZET) Committee received quarterly updates from Ferguson Marine on progress towards the completion of Glen Rosa (Hull 802).

I note that the last update received by the NZET Committee was an [interim update on 30 January 2026](#), with the last [substantive quarterly update provided on 18 December 2025](#).

The Transport Committee has agreed that it would be helpful to continue receiving quarterly updates in the same format as those provided previously. The Committee would therefore be grateful if the update cycle could be reinstated as soon as possible.

Please note that all correspondence sent to the Committee will be published and retained in line with the [Committee's privacy notice](#).

Yours sincerely,

Willie Rennie MSP
Convener
