

Circular Economy (Scotland) Bill — Stage 2

Section 1

Ben Macpherson

122 In section 1, page 1, line 27, after <economy> insert <, in particular—

- <() any sectors involved in construction work,
- () systems for dealing with—
 - (i) construction and demolition waste,
 - (ii) food waste, and
 - (iii) household waste.>

Ben Macpherson

123 In section 1, page 2, line 10, at end insert—

<() In this section—

“construction work” means the carrying out of any building, civil engineering or engineering construction work and includes construction, alteration, conversion, fitting out, commissioning, renovation or other maintenance, decommissioning, demolition or dismantling of a structure,

“construction and demolition waste” means waste arising from works of construction or demolition, including preparatory work thereto,

“food waste” means controlled waste that was at any time food intended for human consumption (even if of no nutritional value), and includes biodegradable waste produced as a consequence of the processing or preparation of food, but does not include drink,

“household waste” means waste generated by households, including household collection rounds, other household collections such as bulky waste collections, waste deposited by householders at household waste recycling centres and recycling points or banks,

“household waste recycling centres” means a place provided by a local authority where persons resident in its area may deposit their household waste.>

Section 6

Ben Macpherson

124 In section 6, page 3, line 18, at end insert—

- <() processes for the production, distribution and use of things and materials are designed so as to reduce the whole life cycle carbon emissions of those things and materials,>

Ben Macpherson

125 In section 6, page 3, line 30, at end insert—

<() increasing refurbishment,>

Ben Macpherson

126 In section 6, page 3, line 30, at end insert—

<() increasing repair,>

Ben Macpherson

127 In section 6, page 3, line 32, at end insert—

<() prioritise sectors and systems under section 1(4),>

After section 7

Ben Macpherson

128 After section 7, insert—

<Circular economy infrastructure

In order to provide and facilitate accessible infrastructure to meet the obligations in this Act, in particular enabling reuse, refurbishment, repair and recycling, the Scottish Ministers must provide sufficient funds and resources to local authorities and other organisations as the Scottish Ministers consider appropriate.>

Section 10

Jackie Dunbar

129 In section 10, page 7, line 21, at end insert—

<() after subsection (2) insert—

“(2ZA) For the purposes of subsection (2), an occupier of domestic property may request from an authorised person a copy of any documentation or identification that authorises the authorised person to transfer household waste.”>

Jackie Dunbar

130 In section 10, page 7, line 31, at end insert—

<() It is a reasonable excuse for a person given a notice under subsection (2) to show a constable or an authorised officer any documentation or identification obtained from an authorised person to transfer household waste.>
