

Natural Environment (Scotland) Bill

2nd Marshalled List of Amendments for Stage 2

The Bill will be considered in the following order—

Sections 2 to 38

Long Title

Amendments marked * are new (including manuscript amendments) or have been altered.

Before section 2

Alasdair Allan

115 Before section 2, insert—

<Environmental protection requirement

- (1) For the purpose of this Part, the “environmental protection requirement” is the requirement that any exercise of the powers contained in this Part must not reduce the overall standards of environmental protection which are in effect at the time of the exercise of the power.
- (2) But, provided that the Scottish Ministers are satisfied that the overall environmental protection is not reduced, it is not a breach of the environmental protection requirement for the powers to be exercised in a manner which prioritises—
 - (a) the preservation or enhancement of biodiversity and the natural environment, or
 - (b) the need to address the challenges posed by climate change.>

Mark Ruskell

26 Before section 2, insert—

<Alignment with EU law

- (1) The UK Withdrawal from the European Union (Continuity) (Scotland) Act 2021 is modified as follows.

- (3) In section 10 (reports relating to the use of the section 1(1) power), after subsection (2)(c), insert—
 - “(d) each subsequent period of 5 years where the regulations relate to relevant EIA legislation and habitats regulations.”.

(4) In section 12 (interpretation of Part 1), in subsection (1)—

(a) before the definition “EU decision” insert—

““relevant EIA legislation” is—

- (a) the provisions of the Harbours Act 1964 which relate to the environmental assessment of projects concerning ports and harbours,
- (b) the provisions of the Roads (Scotland) Act 1984 which relate to the environmental assessment of projects concerning roads for which the Scottish Ministers are the roads authority (within the meaning of section 151 of that Act),
- (c) the provisions of the Transport and Works (Scotland) Act 2007 which relate to the environmental assessment of the construction or operation of transport systems of the kinds set out in section 1 of that Act and inland waterways,
- (d) the Transport and Works (Scotland) Act 2007 (Applications and Objections Procedure) Rules 2007 (S.S.I. 2007/570),
- (e) the Flood Risk Management (Flood Protection Schemes, Potentially Vulnerable Areas and Local Plan Districts) (Scotland) Regulations 2010 (S.S.I. 2010/426),
- (f) the Town and Country Planning (Environmental Impact Assessment) (Scotland) Regulations 2017 (S.S.I. 2017/102),
- (g) the Forestry (Environmental Impact Assessment) (Scotland) Regulations 2017 (S.S.I. 2017/113),
- (h) the Agriculture, Land Drainage and Irrigation Projects (Environmental Impact Assessment) (Scotland) Regulations 2017 (S.S.I. 2017/114),
- (i) the Marine Works (Environmental Impact Assessment) (Scotland) Regulations 2017 (S.S.I. 2017/115),
- (j) the Masterplan Consent Area Scheme (Environmental Impact Assessment) (Scotland) Regulations 2024 (S.S.I. 2024/366),”

(b) after the definition “EU tertiary legislation” insert—

““habitats regulations” means the Conservation (Natural Habitats, &c.) Regulations 1994 (S.I. 1994/2716),”.>

Beatrice Wishart

- 196 In section 2, page 5, line 22, at end insert—
<() Without prejudice to the purposes set out in section 3, the Scottish Ministers may exercise the power under subsection (1) only where they are satisfied that doing so will maintain or improve the level of environmental protection provided by the provisions being modified or restated.>

Douglas Lumsden

- 197 In section 2, page 5, line 22, at end insert—
<() Where regulations under subsection (1) apply to electricity infrastructure, the Scottish Ministers must before making the regulations publish—
(a) an Overhead vs Underground/Subsea Alternatives Assessment, and
(b) proof of compliance with Part (*electricity infrastructure*),
before consent can be granted.>

Alasdair Allan

- 117 In section 2, page 5, line 29, at end insert—
<() The Scottish Ministers must, at the same time as laying any regulations under this section, lay before the Scottish Parliament a statement confirming that they consider that the environmental protection requirement has been met.>

Sarah Boyack

- 7 In section 2, page 5, line 29, at end insert—
<() Before making regulations under subsection (1)(b), the Scottish Ministers must consider how the modification or (as the case may be) restatement, conforms with the Scottish Ministers' duties in relation to the management objectives of the UK site network under regulation 9D of the habitats regulations.>

Emma Harper

- 57 In section 2, page 5, line 30, leave out subsections (6) and (7) and insert—
<() Regulations under subsection (1) may—

- (2) Regulations under section 2(1), required by subsection (1), are subject to the affirmative procedure.>

Ariane Burgess

- 59 After section 2, insert—

<Power to modify habitats regulations: further provision

- (1) The Scottish Ministers must exercise the power under section 2(1) to provide that—
 - (a) a Ramsar site has equivalent protection to a European site as defined by regulation 10 of the habitats regulations, and
 - (b) any plan or project likely to have a significant effect on a Ramsar site be subject to assessment equivalent to that provided in regulation 48 of the habitats regulations.

- (2) Regulations under section 2(1) may make further provision for the—
- (a) identification,
 - (b) conservation objectives, and
 - (c) monitoring,
- of Ramsar sites.

- (3) For the purposes of this section—

“Ramsar Convention” means the Convention on Wetlands of International Importance especially as Waterfowl Habitat signed at Ramsar on 2 February 1971, as amended by—

- (a) the Protocol known as the Paris Protocol done at Paris on 3 December 1982, and
- (b) the amendments known as the Regina Amendments adopted at the Extraordinary Conference of the Contracting Parties held at Regina, Saskatchewan, Canada, between 28 May and 3 June 1987,

but if that Convention is further amended after the passing of this Act, the references to the Ramsar Convention in this Part are to be taken, after the entry into force of the further amendments, as referring to that Convention as further amended (and the reference to paragraph 1 of article 2 is, if necessary, to be taken as referring to the appropriate successor provision),

“Ramsar site” means a site that has been designated under paragraph 1 of article 2 of the Ramsar Convention for inclusion in the list of wetlands of international importance referred to in that article.>

- (1) A public authority responsible for publicly owned land must, when preparing or reviewing any deer management plan relating to that land, have regard to the desirability of the option of a community-integrated deer management model.
- (2) Each public authority must—
- (a) identify publicly owned land where community-integrated deer management may be appropriate, having regard to deer densities, ecological priorities, habitat restoration plans, and community capacity,
 - (b) engage with local community groups or individuals who may wish to participate in deer management on such land, and
 - (c) ensure that any such arrangements provide for appropriate oversight, monitoring, reporting and compliance with this Act and any regulations made under it.
- (3) In exercising functions under this section, a public authority must have regard to—
- (a) the potential for enhancing local community participation, training, and employment opportunities, and
 - (b) the need to ensure that any community-integrated arrangements operate safely, sustainably and accountably, in line with national standards for deer management.
- (4) The Scottish Ministers may by regulations make further provision about community-integrated deer management, including in particular—
- (a) reporting, monitoring and record-keeping requirements,
 - (b) arrangements for oversight, auditing or enforcement, including withdrawal of participation rights where standards are not met, and
 - (c) funding or grant schemes to support community participation, training, equipment, carcass handling, local processing facilities or other infrastructure required for community-integrated deer management.
- (5) This section applies only so far as is consistent with any other statutory duties of the public authority.

(6) For the purposes of this section—

“community integrated deer management” means a model of deer management which—

- (a) involves local recreational deer stalkers, in partnership with the public authority, in the planning and execution of deer management activities,
- (b) provides opportunities for community-based deer stalking or equivalent arrangements, subject to appropriate training, regulation, oversight and animal welfare standards,
- (c) utilises local skills, knowledge and presence to contribute to the control of deer numbers in line with ecological, forestry, and agricultural objectives, and
- (d) promotes local processing, utilisation or supply-chain opportunities for harvested venison, subject to compliance with relevant legislation on animal welfare, food safety, firearms, health and safety, and biodiversity protection,

“publicly owned land” means land owned, leased or otherwise managed by a public authority in Scotland, including public agencies, local authorities, or publicly owned forestry or land management bodies.”.>

- (1) A person authorised in writing by a grazings committee of any particular common grazing, and who meets the condition mentioned in subsection (3), may take or kill, and sell or otherwise dispose of, any deer found on the common grazing if the committee has reasonable grounds to believe that the taking or killing of deer is necessary to prevent—
 - (a) damage—
 - (i) to woodland forming part of the common grazing, or

- (ii) whether directly or indirectly, to the natural heritage or environment generally, or
 - (b) injury to livestock kept on the common grazing, whether by serious overgrazing of pastures, competing with any such livestock for supplementary feeding, or otherwise.
- (2) Subsection (1) does not apply during any period fixed by order under section 5(1) (taking, killing or injuring deer in close season) in relation to the sex and species of the deer concerned.
- (3) The condition referred to in subsection (1) is that the person is approved in writing by SNH as a fit and competent person to take or kill deer for the purpose referred to in that subsection.
- (4) Any authorisation given by a grazings committee to a person to take or kill deer expires—
 - (a) at the end of such period as the committee may specify in it, or

“26 Right of occupier to prevent damage by deer on certain agricultural land and enclosed woodland

- (1) An occupier of arable land, improved permanent pasture (other than moorland) and land which has been regenerated so as to be able to make a significant contribution to the productivity of a holding which forms part of that agricultural land, or enclosed woodland, or a person mentioned in subsection (4) authorised in writing by the occupier, may take or kill, and sell or otherwise dispose of, any deer found on the land or woodland if the occupier has reasonable grounds to believe that the taking or killing of deer is necessary to prevent—
 - (a) damage—
 - (i) to agricultural production (including any crops or human or animal foodstuffs) on the land,
 - (ii) to the woodland, or
 - (iii) whether directly or indirectly, to the natural heritage or environment generally, or
 - (b) injury to the occupier’s livestock kept on the land, whether by serious overgrazing of pastures, competing with any such livestock for supplementary feeding, or otherwise.

- (2) Subsection (1) applies notwithstanding anything contained in any agreement between an occupier of the land or woodland and the owner.
- (3) Subsection (1) does not apply during any period fixed by order under section 5(1) (taking, killing or injuring deer in close season) in relation to the sex and species of the deer concerned.
- (4) The persons referred to in subsection (1) are—
 - (a) the owner of the land or woodland,
 - (b) the owner's employees,
 - (c) the occupier's employees, or any other person normally resident, on the land,
 - (d) any other person approved in writing by SNH as a fit and competent person to take or kill deer for the purpose referred to in subsection (1).
- (5) Any authorisation given by an occupier of land to take or kill deer expires—
 - (a) at the end of such period as the occupier may specify in it,
 - (b) in relation to a person mentioned in paragraphs (b) or (c) of subsection (4), the person ceases to be in the employment of the owner or, as the case may be, the occupier, or ceases to be normally resident on the land,
 - (c) in relation to a person mentioned in paragraph (d) of that subsection, when the person ceases to be so approved, or
 - (d) if the occupier revokes it.

26ZA Authorisation to prevent damage by deer on other agricultural land, woodland or common grazing

- (1) In relation to any other agricultural land or woodland not mentioned in section 26(1) or a common grazing situated in the crofting counties, an occupier or a person that is authorised by the occupier or, as the case may be, the grazings committee, may not take or kill, sell or otherwise dispose of, any deer found on such other land, woodland or common grazing unless—
 - (a) SNH is satisfied that there are no other adequate means of control which might reasonably be adopted in the circumstances to prevent damage or injury, and
 - (b) SNH has granted authorisation.
- (2) An authorisation granted by SNH under subsection (1)(b) to take or kill deer—
 - (a) applies to such occupiers or persons authorised by such occupiers, or persons authorised by the grazings committee, as SNH may specify,
 - (b) expires—
 - (i) at the end of such period as SNH may specify, or
 - (ii) if SNH revokes it,
 - (c) applies to such land, woodland or common grazings as SNH may specify, and
 - (d) relates to damage or injury of a type as SNH may specify.

- (3) SNH shall give to the owner of any land, woodland or common grazing which is to be mentioned in an authorisation under subsection (1)(b) notice of its intention to issue such an authorisation as soon as reasonably practicable and in any event at least 48 hours before issuing the authorisation.
- (4) In this section, “crofting counties” is to be construed in accordance with section 61(1) of the Crofters (Scotland) Act 1993.”.>

PEAT: SALE OR SUPPLY FOR HORTICULTURE

Prohibition on the sale or supply of peat for horticulture

- 5 (1) Before the expiry of the period of 12 months beginning with the day after Royal Assent, the Scottish Ministers must, by regulations, make provision prohibiting the sale or supply of peat for horticultural use.
- (2) Regulations under subsection (1) are to come into force on the date that either of the conditions in subsection (3) are met.
- 10 (3) The conditions under subsection (2) are—
 - (a) that the Scottish Ministers have applied for an exclusion under the United Kingdom Internal Market Act 2020 and such an exclusion has been granted, or
 - (b) that similar regulations have been introduced in other parts of the United Kingdom such that an exclusion from the United Kingdom Internal Market Act 2020 is unnecessary.
- 15 (4) The Scottish Ministers must apply for an exclusion under the United Kingdom Internal Market Act 2020 before the expiry of the period of six months beginning with the day after Royal Assent.
- (5) Regulations under subsection (1) must provide for exemptions to the prohibition—
 - 20 (a) for a specified period of no more than two years for the sale or supply of peat for use by commercial growers, where it appears to the Scottish Ministers that such exemptions are necessary to support those businesses,
 - (b) for a specified period of no more than five years, and in relation to certain plants to be specified in the regulations, such as ericaceous and carnivorous plants, where it

- 25 appears to the Scottish Ministers that no technically feasible alternative to peat is available, and
- (c) for the sale and supply of peat for scientific or plant conservation activities, subject to a licence issued by the Scottish Ministers.
- 30 (6) Regulations under subsection (1) must make further provision in relation to the licensing of the sale and supply of peat under subsection (5)(c) including—
- (a) the nature of activities that will be considered to be scientific or plant conservation activities, and
- (b) restricting the issuing of licences to where there is no technically viable alternative to the use of peat.
- 35 (7) The Scottish Ministers may delegate their licensing function under subsection (5)(c) to Scottish Natural Heritage.
- (8) Regulations under subsection (1)—
- (a) must provide that a person who sells or supplies peat in contravention of the regulations commits an offence,
- 40 (b) may make such other provision relating to that offence as the Scottish Ministers consider appropriate, including in relation to the penalty for the offence.
- (9) Before making regulations under subsection (1), the Scottish Ministers must consult—
- (a) Scottish Natural Heritage,
- (b) such persons as the Scottish Ministers consider to represent the interests of and have experience in—
- 45 (i) peatland conservation,
- (ii) horticulture,
- (iii) horticulture trade, and
- (iv) such other matters as the Scottish Ministers consider appropriate.

Tackling urban gull problems

- (1) The Scottish Ministers must, before the expiry of 2 years beginning with the day of the 2025 gull summit, undertake a review of measures taken to tackle urban gull problems.
- (2) The review must consider—
 - (a) how much funding has been allocated to each local authority to tackle disruptive urban gull populations,
 - (b) the reason for funding being allocated in that way,
 - (c) how any funding allocated has been spent,
 - (d) what, if any, consultation was done in advance of allocating funding, and
 - (e) such other matters as the Scottish Ministers consider appropriate.
- (3) As soon as reasonably practicable after completing the review under subsection (1), the Scottish Ministers must—
 - (a) prepare and publish a report on the review,
 - (b) lay a copy of the report before the Scottish Parliament.
- (4) For the purposes of this section, “gull” is to be construed in accordance with the meaning of wild birds offered protection under section 1 of the Wildlife and Countryside Act 1981.

REVIEW OF RELATIONSHIP BETWEEN RURAL CRIME, FOOD PRODUCTION AND THE NATURAL ENVIRONMENT

Review of relationship between rural crime, food production and the natural environment

- (1) The Scottish Ministers must, before the expiry of 2 years beginning with the day after Royal Assent, undertake a review of the relationship between rural crime, food production and the natural environment.
- (2) The review must consider the impact of rural crime and, in particular, the theft of machinery, tools and vehicles in rural areas on—
 - (a) food production,
 - (b) soil health,
 - (c) climate,

- (d) water sustainability.
- (3) As soon as reasonably practicable after completing the review, the Scottish Ministers must—
 - (a) prepare and publish a report on the review, and

and the natural environment**

- (1) The Scottish Ministers must, before the expiry of 2 years beginning with the day after Royal Assent, undertake a review of the relationship between infrastructure for renewable energy, food production and the natural environment.
- (2) The review must consider—
 - (a) where infrastructure for renewable energy is constructed,
 - (b) whether the land used for this infrastructure is suitable for food production,
 - (c) what impact (if any) infrastructure for renewable energy has on—
 - (i) soil health,
 - (ii) climate,
 - (iii) water sustainability.

REPORT ON SQUIRREL POX VIRUS

Report on squirrel pox virus

- (1) The Scottish Ministers must, before the expiry of the period of 2 years beginning with the day after Royal Assent, conduct a review on the impact of the spread of squirrel pox virus on red squirrels.
- (2) The review must consider—
 - (a) the impact of squirrel pox virus on red squirrels in each local authority area,
 - (b) the spread, if any, of squirrel pox virus in each local authority area,

- (c) what action, if any, must be taken to tackle the spread of squirrel pox virus, and
 - (d) such other matters as the Scottish Ministers consider appropriate.
- (3) The Scottish Ministers may delegate their duty to conduct a review to—
- (a) local authorities,
 - (b) Scottish Natural Heritage.
- (4) The Scottish Ministers must, where they have delegated their duty under subsection (3), allocate additional resource to local authorities or, as the case may be, SNH, to fund the cost of conducting the review.

NON-NATIVE SPECIES

Review on changes to 1981 Act

- (1) The Scottish Ministers must, before the expiry of 2 years beginning with the day after Royal Assent, undertake a review on whether any legislative change is required to further separate provision for non-native animals and non-native plants within the Wildlife and Countryside Act 1981.
- (2) The review must, in particular, consider whether—
 - (a) current control measures protect red squirrels from non-native grey squirrels,
 - (b) current control measures prevent the spread of squirrel pox virus to grey squirrels,
 - (c) the time frame for implementation of a species control order is appropriate for the protection of red squirrels,
 - (d) the right of appeal by landowners prevents the protection of red squirrels, and
 - (e) any legislative change is required.

- (3) As soon as reasonably practicable after completing the review, the Scottish Ministers must—
 - (a) prepare and publish a report on the review, and
 - (b) lay the report before the Scottish Parliament.>

- (2) The infrastructure is infrastructure—
- (a) which generates over 50 megawatts,
 - (b) is a transmission project, or
 - (c) is a large-scale battery energy storage system.
- (3) Before applying for planning permission for electricity infrastructure of a type mentioned in subsection (2), the applicant must publish a comparative assessment which covers—
- (a) lifecycle costs,
 - (b) net-impact on biodiversity,
 - (c) impact on landscape,
 - (d) resilience,
 - (e) impact on agriculture, soil and plant biosecurity.
- (4) The assessment published under subsection (3) must be independently reviewed.
- (5) In relation to applications to install the type of electricity infrastructure mentioned in subsection (2)(c)—
- (a) the Scottish Fire and Rescue Service must be consulted by the planning authority,
 - (b) the application must be accompanied by—
 - (i) a site-specific thermal-runaway risk plan,

- (ii) an emergency response plan,
 - (iii) dispersion modelling as part of any EIA or consent conditions to be imposed.
- (6) The Scottish Ministers must by regulations establish a statutory fund, to be paid for by energy infrastructure developers, for the purposes of providing funding—
 - (a) to compensate households for the impact of energy infrastructure,
 - (b) to local projects,
 - (c) habitat restoration.
- (7) Regulations under subsection (6) may make further provision about the fund, including in relation to its administration, audit and annual reporting.
- (8) Regulations under subsection (6) are subject to the affirmative procedure.
- (9) The Scottish Ministers may, by regulations may make such further provision as they consider necessary in relation to this section.
