The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Members' Business motions that have achieved cross party support

***S5M-00827 John Mason: Automatic Voter Registration—**That the Parliament notes with interest the calls made during a debate on 29 June 2016 at the UK Parliament for the introduction of a system of automatic voter registration; understands that this debate was held in part due to the problems surrounding registration for the EU referendum, which saw the deadline extended; believes that the introduction of automatic voter registration could make it easier for more people to vote, especially in areas such as the Shettleston parliamentary constituency, while also helping to remove additional barriers to voting that stand in the way of some of the most disenfranchised sections of the population, and notes calls for consideration of automatic voter registration to make it easier for all to participate in the political system.

Other new and altered motions and amendments

***S5M-00853 Christina McKelvie: Children in Detention Centres—**That the Parliament is deeply concerned at the announcement by the Minister of State for Immigration on 21 July 2016 regarding the closure of Cedars, which is a removal detention centre that is run by Barnardo's; regrets that it will be replaced by a so-called discrete unit at the Tinsley House Immigration Removal Centre without, it understands, input from the charity or other partners concerned with the welfare of children; believes that this will result in the unwarranted detention of children; considers detaining children to be a dangerously short-sighted and counterproductive practice that will place them in detached and isolating environments; believes that a humane immigration system should not result in children being held behind bars, and calls on the UK Government to rethink this proposal immediately and to ensure that children are not detained in this manner.

***S5M-00852 Ben Macpherson: Edinburgh Twirling Academy—**That the Parliament congratulates Megan Stewart and Chloe Stevens on being selected as part of a squad of 10 that

will represent Scotland at the World Baton Twirling Championships in Helsingborg, Sweden in August 2016; notes that Megan and Chloe, who train at the Edinburgh Twirling Academy in the West Pilton Neighbourhood Centre, will participate in individual, pair and team events at the international competition; appreciates that this selection reflects their commitment and dedication and the high standard of training in gymnastics, dance and twirling that the academy provides, and wishes Megan and Chloe all the very best for the competition.

Supported by: Miles Briggs*, Gordon MacDonald*, Colin Beattie*, John Lamont*, Joan McAlpine*, Tom Arthur*, Graeme Dey*

***S5M-00851 Patrick Harvie: Extended Closure of the Glasgow Subway**—That the Parliament notes with concern the delays with the upgrading work on the Glasgow Subway and the extended closure period as a result; understands that the replacement bus service, which requires the use of exact change fares, has had vastly delayed journey times and uses poorly signposted stops, and is concerned that, because of what it sees as the failure of a private company to meet the terms of its contract, the 35,000 daily users of the service will be left even longer without an efficient and effective means of transportation across the city.

Supported by: Alison Johnstone*, Ross Greer* R

***S5M-00850 Gail Ross: Belladrum Opportunities for North Highland UHI Students**—That the Parliament welcomes the opportunities offered to students from North Highland College UHI to take part in the 2016 Belladrum Tartan Heart Festival in August; notes that these include the members of the five-piece band from Alness, Dead Zebras, who it wishes the best of luck when they play on the event's Seedling stage, and Nicola McAuley, who is a hospitality graduate and childcare student from Tain, who will be given the opportunity to gain valuable work experience as an entertainment assistant; acknowledges everyone involved in organising and participating in the festival and sends its best wishes to them for this and future years, and pays special tribute to the festival's organisers and North Highland College UHI for offering these opportunities to the students.

Supported by: Joan McAlpine*, Douglas Ross*, Kate Forbes*, Clare Haughey*, Pauline McNeill*, Richard Lyle*, Stuart McMillan*, Colin Beattie*, Gordon MacDonald*, Tom Arthur*

***S5M-00849 Andy Wightman: Edinburgh Airport Consultation**—That the Parliament understands that Edinburgh Airport Limited (EAL), which owns 372.8 hectares of land in Lothian and is ultimately owned by companies in Grand Cayman and Luxembourg, has launched a 14-week consultation that will close on 12 September 2016 regarding future airspace usage across Lothian, Falkirk and Fife; understands that there are fewer flight movements today than in 2006 and less freight tonnage than in 1997; is concerned that, given the timescale, communities could face challenges in being able to respond to the consultation and believes that there is very little justification for having it while the Civil Aviation Authority and the Department for Transport are reviewing the *Guidance on Airspace Change Processes* and *Guidance on Environmental Objectives*; is concerned that the 2015 TUTUR Edinburgh flight path trial resulted in significant changes in flight path usage and associated environmental impacts that should not be used as the baseline for the consultation; understands that historical flight path data is not being made available to the public; is sceptical of the case for more capacity, given the trends in flight movements and the likely impact on carbon emissions, and urges EAL to pause the consultation until the revised guidance is available, ensure that partners in the consultation are adequately resourced and to base it on a more appropriate baseline of flight path data.

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is three sitting days before the meeting at which those amendments will be considered (e.g. Thursday for a meeting on Tuesday); at Stage 3 it is four days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for Stage 2, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
