Meeting of the Parliament

2:00 pm Time for Reflection - Reverend Bob Mallinson, Minister, Menzieshill Parish Church, Lochee, Dundee

followed by Parliamentary Bureau Motions

followed by Topical Questions

1. Rona Mackay: To ask the Scottish Government what its response is to the reported Police Scotland estate review and how it will ensure the outcome has no adverse impact on service delivery. ([S5T-00181](#))

2. Alex Cole-Hamilton: To ask the Scottish Government what impact “justifiable assault” has on children. ([S5T-00176](#))

followed by Ministerial Statement: Unconventional Oil and Gas

followed by Scottish Government Debate: Scotland Values its EU Workforce and their Contribution to Health and Social Care

[S5M-02355](#) Shona Robison: Scotland Values its EU Workforce and their Contribution to Health and Social Care—That the Parliament believes that Scotland’s interests are best served by protecting its existing relationship in Europe, maintaining membership of the single market; recognises the valuable contribution that health and care staff from across the EU, and beyond, make to Scotland; notes that around 1 in 20 NHS doctors in Scotland come from other parts of the EU; resolves to continue promoting Scotland as a welcoming place for Europeans to work in the health and social care sector; is concerned that the outcome of the EU referendum will make it harder to recruit and retain EU citizens to work in health and care services in Scotland, and to study medicine, nursing and dentistry here; deplores the potential threat that Brexit poses to social and employment protection, which are vital to NHS staff; demands that the UK Government stops using NHS staff from the EU as “bargaining chips”, and calls on the UK Government to ensure that Scotland is fully involved in decision-making, and in all negotiations between the UK Government and the EU to protect the interests of the health and social care workforce in Scotland.

The Presiding Officer has selected the following amendments

[S5M-02355.2](#) Donald Cameron: Scotland Values its EU Workforce and their Contribution to Health and Social Care—As an amendment to motion S5M-02355 in the name of Shona Robison (Scotland Values its EU Workforce and their Contribution to Health and Social Care), leave out from “protecting” to end and insert “maintaining a close relationship with Europe; recognises the valuable contribution that health and social care staff from across the EU, and beyond, make to Scotland; notes that around 1 in 20 NHS doctors in Scotland come from other parts of the EU; resolves to continue promoting Scotland as a welcoming place for EU nationals to work in the health and social care sector; is concerned that, as a result of the ‘capped’ arrangement for Scottish university places for domiciled Scots, there are limited places available for these students to study medicine which, in turn, puts additional pressure on medical recruitment; recognises that the UK Government has committed to retain all EU employment protections post-Brexit and has

stated the intention to protect the status of all EU nationals currently in the UK, and calls on the Scottish Government to positively engage with the UK Government to ensure that the interests of the health and social care workforce in Scotland are protected in exit negotiations with the EU.”

[S5M-02355.1](#) Anas Sarwar: Scotland Values its EU Workforce and their Contribution to Health and Social Care—As an amendment to motion S5M-02355 in the name of Shona Robison (Scotland Values its EU Workforce and their Contribution to Health and Social Care), after "dentistry here" insert ", particularly as the health and social care workforce already face significant challenges, as highlighted in the recent Audit Scotland report, *NHS in Scotland 2016*, and considers that Brexit will only add to the pressures facing staff".

followed by Business Motions

followed by Parliamentary Bureau Motions

[S5M-02325](#) Joe FitzPatrick on behalf of the Parliamentary Bureau: Substitution on Committees—That the Parliament agrees the following nominated committee substitutes, as permitted under Rule 6.3A—

***S5M-02370 Alison Johnstone: Reduction of the UK Benefit Cap**—That the Parliament notes the reduction of the UK benefit cap; expresses concern that research recently commissioned by the Social Security Committee suggests that 11,000 households, many of them families with children, could be losing as much as £2,600 each by 2020-21 as a result of this change; understands that this will affect more than 10 times the number of households compared to the current cap; acknowledges that concerns around the impact on vulnerable groups have been expressed from across Scottish civil society, including by the Church of Scotland, which has said that “We cannot tackle poverty by making people poorer and we cannot leave families without enough to meet their basic needs”, and believes that the provision of social security should be based on individual assessments of need, not arbitrary, blanket limits on benefits.

***S5M-02369 Alex Rowley: Strike Action at the EHRC**—That the Parliament acknowledges the announcement from the Public and Commercial Services Union (PCS) that staff at the Equality and Human Rights Commission (EHRC), will be taking strike action on 9 November 2016 over cuts that, it believes, risk leaving the agency “toothless”; acknowledges that a second walkout is planned alongside colleagues from Unite on 16 November; understands that workers have been told to expect a 25% budget cut, following a 70% reduction in the commission’s budget since 2010; believes that this will lead to fewer caseworkers to support victims of discrimination and could threaten the agency’s UN “A” status as a national human rights institution; understands that 19 of the first 26 posts due to be lost are held by staff in the three-lowest pay grades; believes that this means that the watchdog responsible for protecting vulnerable workers will disproportionately target older, ethnic minority and disabled staff; is concerned by the observation by the PCS that “this would seriously undermine EHRC’s ability to tackle the rise in hate crime after the Brexit vote”, and understands that the commission has refused to consider alternative sources of savings, including the high cost of employing non-payroll consultants, with almost £1.2 million paid to just eight staff over the last year.

Progress of Legislation

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
