## 12:45 pm Members' Business Debate on the subject of—

**[S5M-02971](#) Bob Doris: Closure of Glasgow Jobcentres**—That the Parliament notes with concern reports that eight jobcentres in Glasgow are facing closure, including in Glasgow Maryhill and Springburn; believes that the closure of these jobcentres would have a devastating impact on jobseekers who rely on the service, and would be incompatible with the ambition of supporting people into work, and further believes that the social security system should have dignity and respect at its heart.

## 2:30 pm Parliamentary Bureau Motions

### 2:30 pm Ministerial Statement: Draft Climate Change Plan

### followed by Scottish Government Debate: The Future of Funding for Rural Development

**[S5M-03463](#) Fergus Ewing: The Future of Funding for Rural Development**—That the Parliament acknowledges the importance of public funding for rural development to help drive forward Scotland's rural economy and continue to carry out works to protect and enhance the natural environment; notes the significant contribution made by EU funding and welcomes the continuation of that funding until 2020; regrets that the current UK Government has failed to provide Scotland with its fair share of funding for rural interests; is concerned at recent statements by UK ministers on their intentions for future funding for rural development; notes the substantial potential adverse impact that such changes could have on rural Scotland after 2020; is further concerned at UK ministers' apparent desire to create a UK-wide policy approach on devolved rural matters without consultation with, or the agreement of, the Scottish Parliament and Scottish ministers, and resolves to continue to make the case for fair funding for rural development in Scotland that best meets its needs and interests and to ensure that the current devolution settlement is enhanced through repatriation of appropriate powers and the devolution of additional powers to protect rural Scotland's interests.

The Presiding Officer has selected the following amendments

**[S5M-03463.3](#) Peter Chapman: The Future of Funding for Rural Development**—As an amendment to motion S5M-03463 in the name of Fergus Ewing (The Future of Funding for Rural Development), leave out from "continuation" to end and insert "UK Government's continuation of that funding until 2020; further notes the opportunity to cut bureaucracy and red tape on leaving the EU; welcomes the chance to design an agricultural support system more suited to domestic needs, rather than those of the whole of the EU; understands that the UK Government is committed to working with the devolved administrations regarding the UK's exit from the EU; recognises NFU Scotland's view that significantly divergent agricultural policies across the UK could lead to distortion in agricultural markets, and recognises the uncertainty that delayed CAP payments by the Scottish Government has caused the agricultural sector." **R**

**[S5M-03463.1 Rhoda Grant: The Future of Funding for Rural Development](#)**—As an amendment to motion S5M-03463 in the name of Fergus Ewing (The Future of Funding for Rural Development), leave out from "is further concerned" to end and insert "understands that the UK Government will require to draw up trade agreements with the EU and other countries; welcomes that it will consult widely with producers throughout the UK on this; urges it to also work with the devolved governments to ensure that the differing needs of all of devolved nations are met; believes that devolved powers over policy should not be centralised and, where powers are repatriated from the EU, should be devolved in line with the Scotland Act 1998, and further believes that producers will continue to require support and that this should be distributed fairly, taking into account natural and geographical disadvantage in order to create a level playing field for all producers in the UK, and to ensure that appropriate funding is available to support farmers, land managers and rural communities to meet biodiversity and climate change targets."

**[S5M-03463.2 Mike Rumbles: The Future of Funding for Rural Development](#)**—As an amendment to motion S5M-03463 in the name of Fergus Ewing (The Future of Funding for Rural Development), insert at end “, and calls on ministers to establish an independent group involving relevant stakeholders to provide advice as to the principles and policies that should underpin options for appropriate rural support beyond 2020, and, in the intervening period, provide as much certainty and information as possible to farmers, crofters and the wider rural economy.”

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
