Meeting of the Parliament

1:15 pm Members' Business Debate on the subject of—

S5M-05106 Liam Kerr: Cycle Capacity on Scotland's Railways—That the Parliament notes the calls on Transport Scotland and ScotRail to reverse reported plans to reduce available cycle space on trains serving intermediate stations on the Edinburgh/Glasgow - Inverness and East Coast main lines; understands that, on 25 February 2015, the ScotRail Franchise Delivery Team informed a meeting at the Parliament that there would be improvements in 2018-19, with the introduction of four and five coach InterCity 125 High Speed Trains and an expectation that these would carry at least 20 cycles; further understands that the cycling campaign group, Spokes, has discovered that the increase in bike space has been gradually reduced, which means that, for the stations on these lines, there will be fewer spaces for cycles than at present; believes that almost all ScotRail trains are Class 170 Turbostars with four official bike spaces and that, although the new plans include a total of eight bike spaces, six can only be used at the termini, with only two spaces available for stations other than the departure and arrival points; notes the calls on Transport Scotland and the ScotRail Alliance to recognise the immense contribution that it considers cyclists bring to local economies, especially in the Highlands and the north east, and further notes the calls on the Scottish Government to bring pressure on Transport Scotland and ScotRail to reverse this decision and increase cycle space on Scotland's railways, as it understands was promised in 2015.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
