Members' Business motions that have not achieved cross party support

***S5M-07560 Ruth Maguire: Flexible Working, Maximising Talent and Driving Inclusive Growth**—That the Parliament welcomes the Timewise report, *Flexible Jobs Index Scotland: Maximising talent and driving inclusive growth*; understands that the research and report were commissioned by the Scottish Government working in partnership with Family Friendly Working Scotland; further understands that the report represents the first time that the ratio of quality jobs advertised as open to flexible working options in Scotland has been researched; acknowledges the key finding of the report that demand for flexible jobs massively outstrips supply, with only 11.9% of quality jobs, paying at least £20,000 FTE, being advertised as flexible, while 34% of people seeking employment in Scotland are looking for part-time or flexible vacancies; considers that companies in Cunninghame South and across Scotland with family-friendly and flexible working policies reap the benefits of more loyal, motivated and productive staff and a happier and healthier working environment, making flexible working positive not only for workers and families but also for businesses and the economy; believes that the findings of this report demonstrate that companies that do not offer employees flexible working are failing to recruit and retain the best talent, and also highlights the huge potential for growing the flexible jobs market across Scotland; commends the work of Timewise and Family Friendly Working Scotland; notes the calls for employers to read this report and consider what positive actions they can take in the future, and further notes the calls on MSPs to promote family-friendly working practices to local businesses in their area.

***S5M-07542 Brian Whittle: The Economic Importance of the A77**—That the Parliament recognises the importance of the A77 trunk road, which runs between Glasgow and Portpatrick in Dumfries and Galloway, passes through the East Renfrewshire, East Ayrshire, and South Ayrshire local authority areas and provides what it believes is the main connection between the central belt and Cairnryan, which is one of the UK's busiest ferry terminals, and Prestwick airport; notes that it carries large volumes of daily commuter traffic and is the main route for road hauliers transporting goods, which it believes to be worth in excess of £1 billion to Scotland's economy, between the country and both Northern and the Republic of Ireland; acknowledges what it understands are the

concerns that have been raised by a number of people, including the members of the A77 Action Group, that the road requires significant improvements to improve traffic flow and public safety, and that the current repairs and maintenance programmes are insufficient; believes that the route's faults include a set of temporary traffic lights that were introduced to manage traffic flows over an area of unstable ground, which have been in place for four years and, it understands, regularly generate queues that are more than one mile long; welcomes what it sees as the recent, but long overdue, progress that has been made by the Scottish Government toward the construction of a bypass for Maybole, but notes the reported disappointment of some residents that the design is not a full dual carriageway and does not appear to contain any provision for cyclists; believes that this decision represents a lack of foresight and ambition for the route and notes the view that it should be revisited; considers the A77 to be a critical part of Scotland's road infrastructure, and notes the calls for ministers to consider options for major improvements on the route, including constructing additional dual carriageway sections, rerouting traffic away from built-up areas, providing electric vehicle charging stops and introducing cycle lanes.

***S5M-07540 Neil Findlay: McStrike**—That the Parliament notes what it understands are the first strikes at McDonald's restaurants in the UK; understands that workers at two branches in Cambridge and Crayford reportedly withdrew their labour in response to repeated harassment of workers and victimisation of members of the Bakers, Food and Allied Workers Union; notes the call for at least a £10 per hour living wage for all workers in the fast food and hospitality sector and an end to exploitative practices such as zero-hour contracts; welcomes the work of campaigners and unions in the Hungry for Justice and Better than Zero campaigns, and notes the calls on McDonalds to treat workers in its restaurants in Lothian, Scotland and across the UK with fairness, dignity and respect.

Supported by: Elaine Smith*, Pauline McNeill*, Patrick Harvie*, Iain Gray*

***S5M-07538 Edward Mountain: Shortage of Radiologists**—That the Parliament congratulates all of the people in NHS Highland and across the country who are working to overcome the reported shortfall of radiologists, which, it believes, is severely delaying the treatment of patients; recognises the additional work of the radiologists who are covering the staff shortages, and notes the view that the Scottish Government should match the commitment of these NHS employees and urgently address this issue.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
