Other new and altered motions and amendments

***[S5M-07858](#) Ross Greer: Support for Greenpeace UK Action Against Diesel Vehicles**—That the Parliament acknowledges the direct action by Greenpeace UK to block the importation of diesel Volkswagen vehicles to the UK; recalls that, in 2015, Volkswagen was found to be using technology to manipulate emissions tests, which it believes resulted in over 11 million highly-polluting vehicles in operation across the world; understands that testing by the UK Department of Transport in 2016 found that all of the 37 top-selling diesel vehicles, including Volkswagen, surpassed EU emissions standards on nitrogen oxides when driven in real-world scenarios, with some emitting up to 12 times the maximum permitted; expresses concern regarding the impact of nitrogen oxides on human health, particularly on those with heart or lung conditions, which it believes is linked to tens of thousands of deaths per year in the UK, and commends Greenpeace UK for its action and efforts to protect human health and the environment.

***[S5M-07857](#) Iain Gray: Catriona Matthew, 2019 Solheim Cup Captain**—That the Parliament congratulates Catriona Matthew on her appointment as the European captain at the 2019 Solheim Cup; believes that the North Berwick-based star, who is Scotland's most successful female golf professional, is the ideal choice, having previously served as a vice-captain to Annika Sörenstam and making nine appearances for the European team, and looks forward to the event, which will take place at the world-famous PGA Centenary Course at the Gleneagles Hotel in Perthshire from 13 to 15 September 2019.

***[S5M-07856](#) Ruth Maguire: United Nations Security Council Resolution 2397**—That the Parliament notes the UN Security Council's unanimous adoption on 21 September 2017 of a resolution to establish an international investigation to collect evidence of acts that may amount to genocide, war crimes and crimes against humanity perpetrated by ISIS in Iraq; considers that this sends a strong and important message that ISIS can no longer act with impunity on the global stage; understands that the resolution recognises ISIS as a "global threat to international peace and security" and condemns its actions "involving murder, kidnapping, hostage-taking, suicide bombings, enslavement, sale into or otherwise forced marriage, trafficking in persons, rape, sexual slavery and other forms of sexual violence, recruitment and use of children, attacks on critical infrastructure, as well as its destruction of cultural heritage, including archaeological sites, and trafficking of cultural property"; further understands that the evidence is to be gathered "to the

highest possible standards” for use in “fair and independent” criminal proceedings in courts that comply with international human rights law; condemns the abhorrent genocide being perpetrated by Daesh against diverse religious and ethnic communities across Iraq and Syria, such as the Yazidi people; acknowledges that, although the genocide against the Yazidis began over three years ago, no ISIS member has yet been put on trial and evidence is disappearing every day, with mass graves being contaminated, witnesses becoming dispersed and the loss of medical evidence; welcomes the UN Security Council’s resolution in this context as an urgent and critical victory for victims of ISIS who have been fighting for justice, and trusts that the investigative team will now move swiftly to bring ISIS to justice and hold those responsible for war crimes, crimes against humanity and genocide accountable.

Supported by: Clare Haughey*, Stuart McMillan*, Ash Denham*

***S5M-07855 Monica Lennon: North Lanarkshire Council Tackles Period Poverty**—That the Parliament congratulates North Lanarkshire Council on voting in favour of a pilot project to provide free sanitary products in all of its secondary schools, which will also see the installation of free dispensing machines in school toilets; welcomes the commitment from the local authority to roll out this scheme to other facilities, including leisure centres, libraries and community hubs; acknowledges the importance of provision of sanitary products to allow for the full participation in leisure and cultural activities, and commends the councillors who brought these proposals forward for taking what it considers such bold action to help eradicate period poverty in North Lanarkshire.

***S5M-07854 Michelle Ballantyne: Gregor Townsend and the Scotland Rugby Squad Visit the Poppy Factory**—That the Parliament notes that the Scotland rugby head coach, and former Gala, Scotland and British Lions player, Gregor Townsend, visited the Edinburgh-based Lady Haig's Poppy Factory with the Scotland squad on 22 September 2017 to mark the national uplift, which is the day when 4.5 million poppies are distributed across the country; understands that Gregor has supported the charity over many years, including taking part in its Hearts and Heroes Challenge, which is a 12-hour walk along a 29-mile long course in the Borders; notes that the factory, which employs a team of over 40 disabled veterans, was set up by Lady Haig in 1926; recognises the Haig family's strong connections to the Borders, in particular Field Marshal Haig and Lady Haig, who lived at Bemersyde and who are buried at Dryburgh Abbey, and commends everyone involved with the poppy factory on their hard work and for supporting the country's veterans.

***S5M-07853 Ross Greer: SNH Firth of Clyde Sea Level Report**—That the Parliament notes with concern the recent report commissioned by Scottish Natural Heritage, *Impacts of sea-level rise and storm surges due to climate change in the Firth of Clyde*, which considers the sites that would be most at risk if a sea level rise of just under half a metre is combined with a 1-in-200-year storm surge; understands that the sites in the West Scotland Region at threat of flooding include parts of Greenock, Gourock, Helensburgh, Faslane, Inverkip, Largs, Stevenston, Irvine and Kelburn, and that flooding at these sites would have grave consequences for housing, natural habitats, transport networks and industry; expresses concern that the report outlines that buildings close to the shore at Faslane Naval Base will be inundated, as will any static moorings; believes that the projected 0.47 metre sea level rise could be doubled in a worst case scenario, leading to an even greater danger of flooding than that assessed in the report; considers that urgent action is necessary, not only to invest in flood defences, but in the kind of industrial strategy that creates jobs in clean energy technology, lifting people out of poverty while tackling the climate crisis, and, given the history of radiation leaks and other accidents on the base at Faslane, considers that this is another reason to rethink the UK's commitment to its nuclear arsenal and its location in Scotland.

***[S5M-07851](#) Bruce Crawford: Stirling Rail Station Makes Top 100**—That the Parliament celebrates the news that Stirling rail station has been named in the top 100 stations in Britain; welcomes that Stirling is one of nine Scottish stations in the top 100, as chosen by Simon Jenkins in Britain's 100 Best Railway Stations; recognises the efforts of staff, which have resulted in this recognition, and notes the importance of Stirling rail station for local communities and as a hub for commuters the length and breadth of Scotland.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
