12:45 pm Members' Business Debate on the subject of—

[S5M-12167](#) Richard Lochhead: Ensuring Appropriate Community Benefit from Onshore Wind Farm Developments—That the Parliament welcomes the reported growth in renewable energy production in Moray and throughout Scotland; recognises what it sees as the importance of renewable energy for a low-carbon future; considers that renewable energy presents a unique opportunity to use local renewable resources to create regeneration, empowerment and financial benefits for communities; understands that, according to Local Energy Scotland, over £15 million in community benefit has been paid in 2018, up to 9 May, averaging over £5,675 per MW for recent projects; considers that these financial resources empower communities; notes that, although community benefit can be delivered in various forms, the national standard for community benefit from onshore wind farm developments is £5,000 per MW; recognises that some companies deliver or exceed this but many others do not, resulting in a very inconsistent picture across Scotland, and notes the reported concerns of communities at these inconsistencies and issues, such as the need for written agreements and management of funds, including retrospectively, to recognise that the exploitation of natural resources to produce renewable energy must adequately benefit and empower communities.

***[S5M-12560](#) Bob Doris: Giorgi Kakava and his Grandmother**—That the Parliament extends its sympathy to the young Springburn resident, Giorgi Kakava, who is a 10-year-old orphan originally from Georgia, and who tragically lost his mother, Sopio, who passed away in recent months while going through the UK asylum process; is concerned that Giorgi and his grandmother, Ketino Batkhadze, face the risk of deportation to Georgia, which is a country that he does not know and whose language he does not speak; notes that Giorgi attends the local primary school, has many friends and is very much part of the Springburn community; is aware of concerns that his father, who has also passed away, was reportedly previously targeted by criminals in Georgia and that this might also place Giorgi at risk should he be forced to go back to that country; recognises what it sees as the groundswell of support for the family, with nearly 65,000 people having signed a petition that has been organised by the school chaplain and Springburn Parish Church Minister, Brian Casey, which urges both to be allowed to stay, and congratulates everyone who has backed the campaign to enable Giorgi to grow up in Scotland, supported by his grandmother.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

Progress of Legislation

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
