Members' Business motions that have not achieved cross party support

***[S5M-14863](#) Pauline McNeill: Sauchiehall Street Recovery Fund**—That the Parliament understands the importance of Sauchiehall Street to Glasgow's economy and cultural heritage; believes that the aftermath of two fires at the Glasgow School of Art and Victoria's nightclub, as well as the impact of ongoing construction work of the avenues project, have created prolonged and ongoing disruption, which is likely to have long-term consequences for the area; considers that, as this disruption has led to businesses being unable to open for a number of months and made it impossible to walk from one end of the street to the other, this has endangered the future prospect of the street regaining its place as a vibrant retail, business and social destination, and notes the view that, in order to ensure that Sauchiehall Street regains its position, a recovery plan must be established and funded to address the multiple problems currently hampering the street's ability to function as before, and to support it through the process of regaining the footfall and repeat business that has been lost.

work, along with that of another 25 young people, was selected from a total of around 2,300 students from schools and colleges across Scotland; believes that this exhibition showcases the extraordinary quality of emerging young Scottish photography talent; understands that the artwork was selected by a panel that included representatives from the Scottish Society for the History of Photography, Scottish National Portrait Gallery, Young Scot and the Parliament's official photographer; recognises that this is a great achievement for all of those whose work has been selected and, in particular, Mollie and Stromness Academy as a whole, which is in its first year of running the Higher Photography course; notes that Mollie's work follows the theme, Colour Amongst Architecture; thanks all those who submitted work; looks forward to the exhibition attracting more visitors to the Parliament, and encourages all Members to take time to visit it.

***S5M-14855 Monica Lennon: The Don't Pink My Drink Campaign**—That this Parliament welcomes the campaign, #DontPinkMyDrink, which was launched by Professor Carol Emslie of Glasgow Caledonian University at the eighth European Alcohol Policy Conference in Edinburgh on 20 November 2018; understands the campaign is in response to evidence of the alcohol industry increasingly targeting women through gender-specific design, packaging and advertising; believes that gendered-alcohol marketing reinforces stereotypes and risks subverting positive progress on gender equality; recognises that Alcohol Focus Scotland is calling for more public protection from alcohol advertising, including a phased removal of alcohol-related sponsorship of sports, music and cultural events, and for an independent body to regulate marketing; believes that levels of drinking in Scotland remain too high, with the Scottish Health Survey recording that more than one-in-five people drink at a level than the recommended weekly guidelines; calls on the alcohol industry to refrain from what it sees as cynical marketing tactics that link alcohol to equality and empowerment, and welcomes the commitments by the Scottish Government in its paper, *Alcohol Framework 2018: Preventing Harm*, which seek to change what it sees as Scotland's difficult relationship with alcohol.

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

Progress of Legislation

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
