### Debate on the subject of—

**S5M-13815 Liam McArthur: Scotland's Marine Energy Industry has Potential to Grow**—That the Parliament recognises the importance of maintaining Scotland's global lead in developing wave and tidal stream technologies; acknowledges the wider set of socio-economic benefits associated with these technologies, such as the GVA and job potential set out by the ORE Catapult report, *Tidal Stream and Wave Energy Cost Reduction and Industrial Benefit*, published in 2018; further recognises what it considers the important role that marine renewables need to play in the mix of technologies that will be required to meet Scotland's energy needs and climate change commitments; celebrates the successes of the industry to date, including Scotrenewables Tidal Power's successful full year of continuous testing in the sea around Orkney, which it considers has played a leading role in the development of marine renewables over the years; notes the contribution of the Scottish Government's Ministerial Marine Energy Group in supporting the sector, and notes calls for the Scottish Government to do everything in its power to support the further development of the industry and continue to make the case to the UK Government to introduce a programme of market support for tidal energy in the UK, in order that Scotland continues to be the home of tidal technology.

## 2:30 pm Parliamentary Bureau Motions

### 2:30 pm Ministerial Statement: NHS Tayside Board

### followed by Scottish Government Debate: Violence Reduction in Scotland - progress and future priorities

**S5M-13995 Humza Yousaf: Violence Reduction in Scotland, Progress and Future Priorities**—That the Parliament notes the World Economic Forum's recent recognition of Scotland's progress in turning its record on violence around; notes that, through a public health approach, police recorded crime, the number of accident and emergency admissions and the Scottish Crime and Justice Survey results, including incidents not reported to police, all indicate a significant reduction in violent crime over the last decade; recognises the role of the Violence Reduction Unit, which was established in 2005, in driving these reductions in partnership with a range of public and third sector partners, and acknowledges the importance of support for victims and their families who are affected by crime, along with prevention, early intervention and services that support rehabilitation and ultimately reduce reoffending to ensure that violence continues to reduce across Scotland.

The Presiding Officer has selected the following amendments

**S5M-13995.1 Liam Kerr: Violence Reduction in Scotland, Progress and Future Priorities**—As an amendment to motion S5M-13995 in the name of Humza Yousaf (Violence Reduction in Scotland, Progress and Future Priorities), leave out from ", the number" to "partners," and insert "statistics indicate a significant reduction in violent crime over the last decade; recognises the role of the Violence Reduction Unit, which was established in 2005, in driving these reductions in partnership with a range of public and third sector partners; however further notes with concern the recent comments from the Director of the Violence Reduction Unit that violent

crime is up to 11 times higher than indicated in these recorded crime statistics; accepts that the latest statistics show that violent crime is now increasing again,”.

**S5M-13995.3 Daniel Johnson: Violence Reduction in Scotland, Progress and Future Priorities**—As an amendment to motion S5M-13995 in the name of Humza Yousaf (Violence Reduction in Scotland, Progress and Future Priorities), insert at end “; notes that the success of the public health approach will be at risk unless public and third sector partners are properly funded; further notes with concern that numbers of non-sexual violent crimes have increased by 14% in the last two years, while the clear-up rate has fallen from 84% to 77%, and encourages the Scottish Government to investigate the reasons for this recent trend, which has seen a stall in the long-term progress in reducing violent crime.”

### Affirmative instruments

The following instrument was laid before the Parliament on 19 September 2018 and is subject to the affirmative procedure—

Common Financial Tool (Scotland) Regulations 2018 [draft]  
laid under section 225(4)(a) of the Bankruptcy (Scotland) Act 2016, section 62(4) of the Debt Arrangement and Attachment (Scotland) Act 2002, and section 72(2) and (3)(a)(iib),(iic) and (b) of the Bankruptcy (Scotland) Act 1985

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
