## Members' Business motions that have achieved cross party support

**\*S5M-15696 Jamie Greene: Delivering Sustainable and Renewable Transportation for Scotland**—That the Parliament notes its responsibility in improving access to and facilitating the delivery of sustainable and renewable transportation in Scotland; acknowledges the important role that low-emitting transportation methods such as low and ultra-low emission vehicles (ULEVs) have toward meeting the Scottish Government's climate change target to reduce carbon emissions by 90% before 2050; notes the view that, while low-emission cars have the additional benefit of reducing air pollution and improving public health, tangible increases in the take-up of such vehicles will require significant increases in, and wide geographical spread of, suitable charge point networks; recognises that emerging hydrogen technology will play an additional role in delivering a sustainable and renewable transportation network in Scotland; acknowledges calls for new rail technology to also be explored and developed, such as hydrail, which, it understands, has been introduced in Germany and is used as a viable alternative to electrification of tracks; believes that hydrogen technology can also play its part in sustainable marine transportation, and notes the calls to explore all available technologies that have the potential to ambitiously alter infrastructure to help deliver an affordable and truly sustainable transport network in the West Scotland region and across the country for future generations.

**\*S5M-15698 Colin Smyth: CPR Training in Dumfries and Galloway**—That the Parliament congratulates Dumfries and Galloway Council on its decision to introduce potentially lifesaving CPR training for every secondary school pupil; recognises that this decision has been taken in response to poor out-of-hospital cardiac arrest survival rates in Dumfries and Galloway and throughout Scotland generally, with only one in 12 people expecting to survive a cardiac arrest; notes that providing all secondary school pupils with these lifesaving skills follows international best practice, with Denmark, Norway and Seattle having all experienced improved cardiac arrest survival rates after equipping young people with CPR training; understands that this decision sees Dumfries and Galloway Council join 22 other local authorities in the country in making this pledge, and acknowledges that, if the nine remaining councils were to make a similar commitment, Scotland would see approximately 50,000 young people trained in potentially lifesaving CPR every year.

Supported by: Richard Lyle\*, Stewart Stevenson\*, Monica Lennon\*, Miles Briggs\*, Claudia Beamish\*

**\*S5M-15695 Angus MacDonald: World Hijab Day**—That the Parliament recognises that 1 February marks World Hijab Day, which aims to tackle Islamophobia and misconceptions about Islam; understands that Scotland's ambassadors to this movement work toward a more cohesive and comprehensive society; congratulates the voluntary community group, Al Masaar, which promotes positive community relations, on its hard work and effort in raising awareness in the Falkirk area; notes that it held its third annual hijab stall at the Howgate Shopping Centre on 26 January 2019, which was an informal platform for members of the public to learn more about the hijab, including that it is not a tool of oppression and that it is more than just a head covering, where modesty and humility should be applied to actions and behaviours to men and women; believes that these principles are the basis of all religion and are common ground to celebrate Scotland's diverse and rich multicultural communities, and welcomes such opportunities to help society move away from discrimination and racism.

Supported by: Emma Harper\*, Bill Kidd\*, Pauline McNeill\*, Richard Lyle\*, Rona Mackay\*

**\*S5M-15686 Elaine Smith: BBC Scotland Young Traditional Musician of the Year**—That the Parliament congratulates Monklands musicians on their outstanding success at the recent Celtic Connections festival, in particular Benedict Morris on his fantastic achievement in being crowned BBC Scotland Young Traditional Musician of the Year; further congratulates the Coatbridge flautist, Sarah Markey, on reaching the top five finalists despite tough competition; notes that both musicians honed their skills from a very young age with St Patrick's CEE Comhaltas Branch in Coatbridge; believes in the importance of music lessons being available to all young people, and wishes these young musicians well in their future music careers.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 5 Proposals:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### Final Proposal for Member's Bills

**Stuart McMillan: Proposed Recovery of Medical Costs for Industrial Disease (Scotland) Bill**  
— Proposal for a Bill to enable Scottish Ministers to recover, from the party responsible for causing an industrial disease, certain costs incurred by the NHS in providing care and treatment to those suffering from that disease. (lodged 1 February 2019)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

### Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
