followed by Scottish Labour Party Debate: Scotland's Future, Scrap the Cut to the Air Departure Tax

[S5M-17190](#) **Colin Smyth: Scotland's Future, Scrap the Cut to the Air Departure Tax**—That the Parliament calls on the Scottish Government to abandon its policy to cut, then abolish, the Air Departure Tax.

The Presiding Officer has selected the following amendments

[S5M-17190.1](#) **Derek Mackay: Scotland's Future, Scrap the Cut to the Air Departure Tax**—As an amendment to motion S5M-17190 in the name of Colin Smyth (Scotland's Future, Scrap the Cut to the Air Departure Tax), leave out from "abandon" to end and insert "review its policies and commitments in response to the global climate emergency and the Committee on Climate Change Report; believes that the Scottish Government should maintain its commitment to increasing the share of capital expenditure spent on low-carbon projects year on year; agrees that local authorities must be more empowered to tackle climate change and pursue policies and investments that are designed to encourage modal shift, such as the workplace parking levy and low emission zones, and further agrees that cutting and then abolishing Air Departure Tax is not now compatible with the more ambitious targets that Scotland wishes to pursue."

[S5M-17190.4](#) **Jamie Greene: Scotland's Future, Scrap the Cut to the Air Departure Tax**—As an amendment to motion S5M-17190 in the name of Colin Smyth (Scotland's Future, Scrap the Cut to the Air Departure Tax), leave out from "calls" to end and insert "notes the benefits of a competitive Air Departure Tax (ADT) regime; recognises that a reduction in this taxation for long-haul flights is essential for the retention and development of new intercontinental routes and economic ties across the world with a view to boost trade, tourism and inward investment into Scotland; understands that the devolution of ADT is a critical economic lever to achieve this, and calls on the Scottish Government to honour the commitment made in the manifesto it stood on in 2016 and introduce a reduction in Scotland's current ADT regime."

followed by Scottish Labour Party Debate: Urgent Support for Scotland's Midwives

[S5M-17191](#) **Monica Lennon: Urgent Support for Scotland's Midwives**—That the Parliament acknowledges that the International Day of the Midwife took place on 5 May 2019 and commends the commitment and skills of Scotland's midwives and their crucial role in caring for women and babies; recognises that a continuity of carer throughout the maternity journey is valued by women and that, if adequately resourced, can improve outcomes in maternity and neonatal care; is concerned that many midwives are experiencing significant workforce pressures; believes that action must be taken to address low morale, bullying and work-related stress; further believes that the concerns raised by midwives in NHS Lothian in an open letter, which claims that they do not have enough computers, equipment and pool cars, needs urgent investigation; understands

that only £12 million has been allocated towards the implementation of the Best Start recommendations and believes that this funding falls short of what is needed to safely deliver the new transformative models of care that are required by the Scottish Government, and urges the Scottish Government to ensure that all midwives have adequate time, training and resources and to provide an additional £10 million towards the implementation of the Best Start recommendations.

The Presiding Officer has selected the following amendments

S5M-17191.2 Clare Haughey: Urgent Support for Scotland's Midwives—As an amendment to motion S5M-17191 in the name of Monica Lennon (Urgent Support for Scotland's Midwives), leave out from "understands that only" to end and insert: "agrees that the contribution of 600 NHS staff, 600 maternity and neonatal service users, the NHS, the Royal College of Midwives, the National Childbirth Trust and Bliss, along with others, was instrumental in shaping the five-year plan for maternity and neonatal care; recognises that this expert input led to the plan taking a phased approach; further recognises that the initial budget of £12 million is only intended to support the initial phase, including implementation of the new model of continuity of carer at five early implementer sites across Scotland, and believes that the plan is the right way forward and, if fully and appropriately resourced, will result in mothers and babies being offered a truly family-centred, safe and compassionate approach to their care, with real continuity of care and carer."

S5M-17191.1 Miles Briggs: Urgent Support for Scotland's Midwives—As an amendment to motion S5M-17191 in the name of Monica Lennon (Urgent Support for Scotland's Midwives), after "work-related stress" insert "and applauds the work undertaken by the Royal College of Midwives to help midwives deal with these issues, address bullying in the workplace and encourage a more supportive workplace culture".

[S5M-16822](#) Miles Briggs: Scotland, a Nation of Lifesavers—That the Parliament welcomes reports that every local authority in Scotland has now committed to training all secondary school pupils in CPR skills; believes that this will see the country sit alongside international CPR leaders, including Denmark and Norway, where cardiac arrest survival rates greatly increased after they took similar decisions to train young people; understands that the councils' commitment is in response to poor cardiac arrest survival rates, with only one in 12 people surviving a heart attack out of hospital; believes that the use of effective CPR is critical and can potentially double the likelihood of survival, and applauds each of Scotland’s local authorities, including those in the Lothian region, on this plan to create a nation of lifesavers among the country's young people, which it believes will help more people survive out-of-hospital cardiac arrests.

Bills

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
