followed by Scottish Government Debate: Fiscal Implications of COVID-19

[S5M-22033](#) Kate Forbes: Fiscal Implications of COVID-19—That the Parliament recognises the significant and ongoing fiscal pressures due to the COVID-19 pandemic; welcomes the additional funding made available to date by the UK Government; notes that the funding requirements of responding to COVID-19 have significantly exceeded that additional funding; agrees that additional fiscal flexibilities beyond those in the Fiscal Framework are required to be able to respond sufficiently to the pandemic, including support to businesses, communities and public services; further agrees that Scotland's public finances should not face undue risks via the Fiscal Framework on account of any differential impact of COVID-19, and agrees that all parties and spheres of government should continue to work collaboratively and transparently on the collective fiscal response.

The Presiding Officer has selected the following amendments

[S5M-22033.1](#) Donald Cameron: Fiscal Implications of COVID-19—As an amendment to motion [S5M-22033](#) in the name of Kate Forbes (Fiscal Implications of COVID-19), leave out from "that the funding requirements" to "impact of COVID 19" and insert "the Scottish Government's current borrowing powers and the extent to which they have been used in the current 2020-21 budget; further notes that the Scottish Government now plans to make use of a further £66 million of reserves, leaving a total of £165 million in the Scotland Reserve; acknowledges that the UK Government is estimated to have spent in excess of £10 billion in Scotland throughout the course of this crisis to date; agrees that the Fiscal Framework concluded by both the UK and Scottish governments in 2016 is currently operating as it should; welcomes the protection of 800,000 Scottish jobs, thanks to the UK Government's unprecedented economic interventions".

[S5M-22033.2](#) Jackie Baillie: Fiscal Implications of COVID-19—As an amendment to motion [S5M-22033](#) in the name of Kate Forbes (Fiscal Implications of COVID-19), leave out from "recognises" to end and insert "notes that the funding requirements of dealing with the COVID-19

pandemic have been substantial for both the Scottish and UK governments; welcomes the additional funding made available by the UK Government to tackle the pandemic, providing support for businesses and to retain jobs; further notes that both the Scottish Government and local authorities have contributed additional resources, that councils are equally exposed to financial risk and that there is likely to be a budget shortfall in local government; agrees that additional short-term flexibilities in the Fiscal Framework should be negotiated with the UK Government; notes that the limitations in the Fiscal Framework were agreed by the Scottish Government, and welcomes the opportunity to review this next year; agrees that all parties and levels of government should continue to work collaboratively and transparently on the collective fiscal response, and urges the Scottish Government to bring forward a package of measures to restart the economy."

S5M-22033.3 Patrick Harvie: Fiscal Implications of COVID-19—As an amendment to motion S5M-22033 in the name of Kate Forbes (Fiscal Implications of COVID-19), insert at end "; recognises that economic recovery from COVID-19 will require a very substantial fiscal stimulus package as well as continuation of the job retention scheme in at least some sectors such as the hospitality industry; notes that the need for these further measures is recognised at EU level and regrets that the UK will be unable to participate in the EU's stimulus package as a result of the UK Government's choices, and believes that all fiscal interventions to respond to and recover from the COVID-19 pandemic must be designed to build back a better, fairer and more sustainable economy, and that investment in a green economy must be the most urgent priority for all governments, instead of supporting the continuation of exploitative and unsustainable practices.

S5M-22033.4 Willie Rennie: Fiscal Implications of COVID-19—As an amendment to motion S5M-22033 in the name of Kate Forbes (Fiscal Implications of COVID-19), leave out from "; notes" to "differential impact of COVID-19" and insert "and directly to individuals and businesses in Scotland; notes that the funding requirements of responding to COVID-19 have been significant, and have also put pressure on local authorities responsible for delivering many of the services required to tackle the pandemic; agrees that additional fiscal flexibilities beyond those in the Fiscal Framework should be considered to be able to respond sufficiently to the pandemic, including support to businesses, communities and public services; further agrees that Scotland's public finances should not face undue risks via the Fiscal Framework on account of any differential impact of COVID-19; believes that local government in Scotland should be treated fairly and transparently by the Scottish Government".

followed by Legislative Consent Motion: Corporate Insolvency and Governance Bill

S5M-22034 Fiona Hyslop: Legislative Consent Motion: Corporate Insolvency and Governance Bill—That the Parliament agrees that the relevant provisions of the Corporate Insolvency and Governance Bill, introduced in the House of Commons on 20 May 2020, so far as they fall within the legislative competence of the Scottish Parliament, or alter the executive competence of the Scottish Ministers, should be considered by the UK Parliament.

The following instrument was laid before the Parliament on 15 June 2020 and is subject to the negative parliamentary procedure—

Prisons and Young Offenders Institutions (Coronavirus) (Scotland) Amendment Rules 2020 (SSI 2020/175)

Laid under section 42 of the Prisons (Scotland) Act 1989

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
