followed by Scottish Conservative and Unionist Party Debate: Expansion of Funded Childcare

S5M-21177 Jamie Greene: Expansion of Funded Childcare—That the Parliament recognises the strong cross-party support for the expansion of funded childcare to 1,140 hours; expresses its concern however, regarding the findings of the most recent report by the Auditor General for Scotland and the Accounts Commission, *Early learning and childcare Follow-up*, which states that certain risks remain around buildings, staffing and the sustainability of the private, voluntary and independent sectors; is concerned that the report notes that it is likely that flexibility and choice for parents will not be fully implemented by August 2020, and that any delays to the expansion will impact service delivery and families who are planning to use these services, and demands that the Scottish Government urgently addresses these concerns.

The Presiding Officer has selected the following amendments

S5M-21177.3 Maree Todd: Expansion of Funded Childcare—As an amendment to motion S5M-21177 in the name of Jamie Greene (Expansion of Funded Childcare), leave out from “recognises” to end and insert “welcomes the findings of the most recent report by the Auditor General for Scotland and the Accounts Commission, *Early learning and childcare Follow-up*, that ‘the Scottish Government and councils are making steady progress to deliver the expansion of funded early learning and childcare’; notes that the Scottish Government remains committed to working closely and effectively in partnership with councils to ensure that the expansion to 1,140 hours will be delivered from August 2020; recognises that a major and ambitious transformation programme is always subject to risk and challenges, but that the Scottish Government and councils have robust plans and contingencies in place to address these risks and challenges, and places on record its appreciation of the hard work and commitment of thousands of early learning and childcare professionals across Scotland who are working tirelessly to deliver the expansion while offering high-quality learning and care to young children.”

S5M-21177.1 Mary Fee: Expansion of Funded Childcare—As an amendment to motion S5M-21177 in the name of Jamie Greene (Expansion of Funded Childcare), after “independent sectors;” insert “notes with regret what has been identified by Audit Scotland as a possible loophole that prevents staff being paid the real living wage;”.

***[S5M-21194](#) Kenneth Gibson: Recognising the Impact of Alcohol Foetal Spectrum Disorders**—That the Parliament recognises the prevalence and significant impact of Foetal Alcohol Spectrum Disorders (FASD) in Scotland, as discussed at the meeting of the parliamentary Cross Party Group on Improving Scotland's Health: 2021 and Beyond on 26 February 2020; notes the presentation by Dr Sarah Brown of the Foetal Alcohol Advisory and Support Team at NHS Ayrshire and Arran, which highlighted that FASD results from alcohol exposure in the womb and is preventable, yet is the most common neurodevelopmental condition in Scotland; further notes data from Glasgow Royal Infirmary research, which showed that one-in-seven babies born there were at high risk of FASD, which suggests a much higher prevalence in Scotland than previously thought; understands that FASD affects neurodevelopment, attainment, physical and mental health and that, without adequate support, it reduces life expectancy to around 34 years of age; believes that 94% of people living with FASD experience mental health problems, 79% experience unemployment, and over a third struggle with addictions; acknowledges the vital work that is being carried out by FASD Hub Scotland in providing a national telephone helpline and range of support for parents/carers and those supporting families affected by FASD, as highlighted by the presentation to the group by Aliy Brown, FASD Project Lead at FASD Hub Scotland, which is run by Adoption UK Scotland; supports the "No Alcohol, No Risk" message, which makes clear that any alcohol consumed during pregnancy can be damaging to the unborn child, and acknowledges its calls for implementation of the new SIGN 156 clinical guideline for Prenatal Alcohol Exposure, and welcomes the development of the National Preconception Framework as a key opportunity to reduce risks to parents and children from alcohol and other health-harming products in Cunninghame North and across Scotland.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
