2:30 pm Parliamentary Bureau Motions

2:30 pm Ministerial Statement: Update on Drugs Policy

followed by Scottish Labour Party Debate: Protecting Scotland's Health and Care Workforce

[S5M-23894](#) **Monica Lennon: Protecting Scotland's Health and Care Workforce**—That the Parliament agrees that getting Scotland vaccinated against COVID-19 is the country's national priority and thanks all staff involved in the roll-out; notes the concern of the British Medical Association that inoculation targets are in danger of being missed due to "red tape" and "patchy supplies"; believes that home-care staff should be given the same priority for testing and vaccination as other frontline healthcare staff and calls for the healthcare workforce to receive both vaccine doses no later than the end of February; notes with serious concern the extreme pressure on the NHS as COVID-19 hospital admissions have increased during the second wave and as an increasing numbers of patients are catching COVID-19 in hospital; believes that the cancellation of elective procedures, delays to treatment and continued long waits for care are devastating for patients and that these are creating a backlog of clinical demand from which the NHS will take years to recover; considers that further urgent preventative measures are required to prevent the spread of COVID-19 in healthcare settings, to maintain patient and staff safety and to protect non-COVID healthcare services, and calls on the Scottish Government to enhance the PPE recommendations and provide access to at least FFP3 masks and eye protection for all patient-facing healthcare staff, to maximise protection against all known and emerging variants of the virus.

The Presiding Officer has selected the following amendments

S5M-23894.3 Jeane Freeman: Protecting Scotland's Health and Care Workforce—As an amendment to motion S5M-23894 in the name of Monica Lennon (Protecting Scotland's Health and Care Workforce), leave out from "notes the concern" to end and insert "believes that the deployment of the vaccine must be guided by the expert advice from the JCVI senior clinical advisers across the four nations; welcomes that the delivery of first doses to residents in older people's care homes is almost complete in Scotland; notes that over 100,000 people have received their first dose of a vaccine in the last seven days, and that Scotland is on course to increase as supply allows; welcomes that care-at-home staff are afforded the same high priority for vaccines as frontline NHS staff; notes that supplies of vaccine may be patchy in the coming months due to factors outwith the control of the Scottish Government or UK Government, such as recent announcements from Pfizer; believes that the care-at-home workers testing pathway being established this week, along with the establishment of the care home visiting professional testing pathway, provide an additional level of protection for those in receipt of care; notes with serious concern the extreme pressure on the NHS as COVID-19 hospital admissions have increased during the second wave; believes that the cancellation of elective procedures, delays to treatment and continued long waits for care are devastating for patients, and that these are creating a backlog of clinical demand to be addressed; recognises that guidance on PPE is produced on a four nations basis, understands that some staff may have concerns in health and social care in light of new and emerging variants; recognises that, while there is currently no evidence of a clinical need to change guidance, the Chief Nursing Officer keeps this under active review and engages with staff representatives on PPE guidance and the use of FFP3 masks, and believes that staff should be able to exercise the risk assessment process to have access to PPE considered professionally necessary."

S5M-23894.1 Donald Cameron: Protecting Scotland's Health and Care Workforce—As an amendment to motion S5M-23894 in the name of Monica Lennon (Protecting Scotland's Health and Care Workforce), insert at end “; welcomes the announcement that the armed forces have established 80 new COVID-19 vaccine centres for NHS Scotland, and thanks them for their assistance; recognises significant concerns that the roll-out of COVID-19 vaccines to rural communities has been highly variable, with many people in the top priority cohorts still not having received the vaccine, and urges the Scottish Government to detail how it will accelerate the roll-out as a matter of urgency.”

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/parliamentarybusiness/Bills/576.aspx>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
