followed by First Minister's Statement: COVID-19 Update

followed by Scottish Government Debate: A New Deal for Tenants

[S6M-02625](#) Patrick Harvie: A New Deal for Tenants—That the Parliament notes the publication of the consultation on A New Deal for Tenants, which seeks views on the Scottish Government's ambitious plans for the rented sector; agrees that the 1.85 million people who live in the rented sector should have improved quality, standards and rights in the place they call home; supports the aims of A New Deal for Tenants to ensure tenants have more secure and stable tenancies, flexibility to personalise their homes, improved safeguards against eviction, improved regulation and effective national rent controls in the private sector; recognises that this strategy will support progress towards the human right of an adequate home for all, and welcomes, therefore, this draft strategy seeking to make renting a home more affordable, safer, with a higher quality, better managed and more secure.

The Presiding Officer has selected the following amendments

[S6M-02625.1](#) Miles Briggs: A New Deal for Tenants—As an amendment to motion [S6M-02625](#) in the name of Patrick Harvie (A New Deal for Tenants), leave out from “, improved regulation” to end and insert “and improved regulation; acknowledges, however, that the biggest challenge facing those in the rented sector is the rising cost of living caused by a national housing shortage; notes that the Rural Housing Fund delivered just 59 new homes over four years; notes with concern the decision to reduce the housing budget in 2022-23; further notes concerns that current levels of investment in this sector are not high enough to meet the target of building 110,000 affordable homes by 2032; notes that the number of households in temporary accommodation is now at a record high and that high rental costs are one of the main barriers preventing those who are homeless from securing new tenancies; regrets that the implementation of the Homeless Persons (Unsuitable Accommodation) (Scotland) Order 2014 was repeatedly delayed; notes concerns that the introduction of rent controls may be counter-productive and result in reduced choice for private tenants; calls on the Scottish Government to provide increased investment in the

housing market to ensure tenants have access to a wide range of affordable properties, but otherwise welcomes this draft strategy seeking to make renting a home more affordable, safer, with a higher quality, better managed and more secure.”

[S6M-02625.2](#) Mark Griffin: A New Deal for Tenants—As an amendment to motion S6M-02625 in the name of Patrick Harvie (A New Deal for Tenants), after “private sector” insert “; agrees that the legislation establishing the framework for these rent controls must be included in the forthcoming Housing Bill in the second year of the current parliamentary session”. **R**

[S6M-02625.3](#) Willie Rennie: A New Deal for Tenants—As an amendment to motion S6M-02625 in the name of Patrick Harvie (A New Deal for Tenants), insert at end “; urges the Scottish Government to also address the issues around the availability of private rented properties; considers that it should increase its ambitions for the building of more homes for social rent, and believes that increasing the supply of affordable rented housing is necessary to give people security, stabilise the housing market and support progress towards the human right of an adequate home for all.”

Debate on the subject of—

[S6M-02360](#) Sarah Boyack: Ending Pharmaceutical Monopolies of COVID-19 Vaccines—That the Parliament notes the calls by a coalition of Scottish charities to support the ending of what it considers to be pharmaceutical monopolies; understands that these monopolies are reportedly artificially limiting vaccine supply to low-income countries; considers that vaccine inequality has resulted from a handful of pharmaceutical companies rationing supply, by refusing to share their vaccine recipes and know-how with the rest of the world, and notes the calls on the Prime Minister to back plans to waive intellectual property rules and to insist that vaccine know-how and technology is shared via the World Health Organization’s COVID-19 Technology Access Pool, in order to enable a life-saving escalation in global vaccine production and help avoid the development of further COVID-19 variants like Omicron, which may impact people in Scotland, including in the Lothian region.

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
