## Meeting of the Parliament

**followed by Parliamentary Bureau Motions**

**followed by Topical Questions**

**followed by First Minister's Statement: COVID-19 Update**

**followed by Scottish Government Debate: Tackling Poverty and Building a Fairer Country**

**[S6M-00263](#) Shona Robison: Tackling Poverty and Building a Fairer Country**—That the Parliament agrees that tackling child poverty and building a fairer, more equal country should be a national mission for the Scottish Government, the Scottish Parliament and society; acknowledges that action is required across all the drivers of poverty reduction, including delivering fair flexible work, affordable, accessible childcare, sustainable transport options, affordable housing, and reductions in the costs of living; commits to tackling the impact of the COVID-19 pandemic on poverty and inequality; recognises the impact of UK Government welfare cuts and policies that exacerbate poverty, including the two-child cap, which could remove £500 million from the incomes of families in Scotland; recognises the positive action of the Scottish Child Payment and notes the Children and Young People's Commissioner Scotland's assessment that removal of the £20 uplift to universal credit will effectively "knock out the benefits that the Scottish Child Payment brings into families", undermining the work and mission of the Scottish Parliament to eradicate child poverty; urges the UK Government to devolve all employment and social security powers to the Scottish Parliament, in order that it may take the further steps needed to make workplaces fairer, including through payment of the real Living Wage, and to establish a Minimum Income Guarantee, so that everyone has enough income to live a dignified life, and calls on the UK Government to match the ambition of the Scottish Parliament to eradicate child poverty.

The Presiding Officer has selected the following amendments

**[S6M-00263.1](#) Miles Briggs: Tackling Poverty and Building a Fairer Country**—As an amendment to motion S6M-00263 in the name of Shona Robison (Tackling Poverty and Building a Fairer Country), leave out from "recognises the impact of" to end and insert "notes that the Scottish Ministers have been responsible for introducing the 11 new benefit payments devolved by

the UK Government through the Scotland Act 2016; further notes that the Scottish Ministers promised to set up those benefits by 2021 but have failed to deliver on this promise; recognises the concerns that the economic impact of lockdown could push more people in Scotland into homelessness, with over 5,000 adults sleeping rough at least once per year and the number of children living in temporary accommodation in Scotland reaching its highest level since records began; calls on the Scottish Government to act now to establish a national Housing First programme across all local authorities, to get people into safe and stable housing as quickly as possible, and further calls on the Ministers to improve the support available to individuals and families in Scotland who have lost loved ones and for them to reform Carer's Allowance and extend payments for up to six months after bereavement."

**S6M-00263.3 Pam Duncan-Glancy: Tackling Poverty and Building a Fairer Country**—As an amendment to motion S6M-00263 in the name of Shona Robison (Tackling Poverty and Building a Fairer Country), leave out from second "the impact of" to end and insert "that it is the responsibility of both the Scottish and UK governments to work for the eradication of poverty in Scotland and to implement social security policies that support this goal; believes that further steps are required to make workplaces fairer, including through payment of the Scottish Living Wage; commits to using all the powers available in Scotland to reform carers benefits, move from the 'safe and secure' transition of disability benefits to addressing their eligibility and adequacy as soon as possible, to increase incomes and lift people in Scotland out of poverty, and calls on the Scottish Government to double the Scottish Child Payment to £20 a week at the earliest opportunity and introduce a supplement for families with a disabled person in them".

**S6M-00263.4 Maggie Chapman: Tackling Poverty and Building a Fairer Country**—As an amendment to motion S6M-00263 in the name of Shona Robison (Tackling Poverty and Building a Fairer Country), after "eradicate child poverty;" insert "welcomes the pandemic relief payment scheme, which will provide an essential additional income for families this year; calls on the Scottish Government to introduce a permanent doubling of the Scottish Child Payment at the earliest possible opportunity; notes that a Universal Basic Income would have helped many through the COVID-19 pandemic and calls on the UK and Scottish governments to work together to bring forward pilots at the earliest possible opportunity; commits to exploring funding options to end the benefit cap;".

**S6M-00263.2 Alex Cole-Hamilton: Tackling Poverty and Building a Fairer Country**—As an amendment to motion S6M-00263 in the name of Shona Robison (Tackling Poverty and Building a Fairer Country), leave out from "urges the UK Government" to end and insert "notes the risk that Scotland's 2024 interim child poverty reduction target, unanimously agreed by the Parliament, could be missed and agrees therefore that families cannot afford for any delay on the part of either the Scottish or UK governments for additional action, backed by stronger fair work principles and a social security system that operates on a human rights basis; believes that poor mental health, the poverty-related attainment gap, and insecure and substandard housing are among the factors that prevent people from achieving their potential and getting on in life, and calls for urgent interventions to therefore include an immediate end to the scandal of thousands of children and adults waiting over a year for mental health treatment as the first step towards meeting the 18-week targets for the first time ever, the extension of funded early learning and childcare, Pupil Equity Funding and in-class support for children and young people, and the building of at least 40,000 new homes for social rent during the current parliamentary session as part of a plan to end homelessness and raise the standard of housing in Scotland."

**[S6M-00058](#) Jim Fairlie: Impact on Scottish Agriculture of Tariff-free Trade Deals**—That the Parliament recognises that agriculture is a vital part of Scotland's economy, including in the Perthshire South and Kinross-shire constituency; believes that it underpins the food and drink sector and has a huge role to play in achieving the country's climate change targets; considers that there might be potential for hugely-damaging consequences to the most remote rural communities from any tariff-free trade with major agricultural producer nations, and notes the view that, in its pursuit of trade deals, the UK Government must take due cognisance of the vulnerability of Scotland's agriculture sectors.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
