[S6M-00838](#) Brian Whittle: Team GB Success—That the Parliament recognises what it considers the incredible achievements of Team GB at the Tokyo Olympic Games in winning a total of 65 medals, the same number that Team GB won in the home Olympics at London 2012; recognises the Team GB administration and coaching staff who help to make the athletes' experience the best it can be; considers that, behind every performance, there is the hard work of personal coaches, medical support, administrators and other support staff, many of whom are volunteers; believes that these performances would not be possible without the support of the National Lottery, UK Sport, sportscotland, national governing bodies, local authority facilities and many local clubs and volunteers, including in the South Scotland region, and notes the calls on the Scottish Government to work towards greater opportunity for all to participate in sport, irrespective of background or personal circumstance, with a recognition that sport can be such a force for good.

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Motions for Debate

***[S6M-01123](#) John Swinney: COVID Vaccine Certification Scheme**—That the Parliament commends the extraordinary effort of vaccination teams throughout Scotland, which means that, as of 6 September 2021, 84% of eligible over 18-year-olds were double-vaccinated against COVID-19; recognises that case numbers remain stubbornly high and that action is needed from all sectors to ensure that baseline COVID measures are rigorously implemented; acknowledges that a number of other countries have introduced COVID certification schemes and that the UK Government has plans to introduce a vaccine certification scheme in England; believes that, in line with the Scottish Government's strategic intent, a COVID Vaccine Certification scheme can provide a targeted means to maximise Scotland's ability to keep certain higher risk settings open, while reducing the impact of transmission and encouraging the remaining sections of the population to get vaccinated; supports the implementation of a COVID Vaccine Certification scheme; agrees that the scheme will apply to nightclubs, sexual entertainment venues, indoor unseated live events with 500 or more attendees, outdoor unseated live events with 4,000 or more attendees and all events with 10,000 or more attendees; notes that measures are being taken to ensure digital inclusivity and to ensure that disabled people are not disproportionately impacted, and agrees that this scheme will be kept under regular review.

***[S6M-01099](#) Emma Roddick: Scottish Housing Day 2021**—That the Parliament acknowledges that 15 September 2021 marks the sixth annual Scottish Housing Day; notes that, this year, the theme is Housing and the Climate Emergency; welcomes the organisers' wish to encourage people to think about the role that homes play in responding to the climate emergency and to signpost the public to methods to reduce their energy use and move to low-carbon heating; welcomes the Scottish Government's moves that aim to increase energy efficiency and decrease carbon use among low-income households, such as the Area Based Scheme programme, and notes calls for the Scottish Government to continue expanding its support for reducing the carbon footprint of homes across the country.

The following instrument was laid before the Parliament on 7 September 2021 and is subject to the negative procedure—

National Health Service (General Medical Services and Primary Medical Services Section 17C Agreements) (Scotland) Amendment Regulations 2021 (SSI 2021/302)
Laid under section 105 of the National Health Service (Scotland) Act 1978

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
