**followed by Scottish Government Debate: Reducing the Cost of the School Day for Low Income Families**

**[S6M-04138 Shirley-Anne Somerville: Reducing the Cost of the School Day for Low Income Families](#)**—That the Parliament recognises the actions being taken to support children and young people in low-income families to access school education; notes that Scottish Government commitments include expansion of free school meals, provision of free school milk, removal of core curriculum charges, ensuring low-income families do not face costs for curriculum-related trips, abolition of fees for instrumental music tuition, increasing the school clothing grant, producing guidance to reduce school uniform costs, provision of a digital device and connectivity to every pupil, and services to support income maximisation, and recognises that this complements the wide range of policy initiatives set out in the Scottish Government's Child Poverty Strategy for Scotland, to maximise household resources and improve children's wellbeing and life chances.

The Presiding Officer has selected the following amendments

**[S6M-04138.2 Oliver Mundell: Reducing the Cost of the School Day for Low Income Families](#)**—As an amendment to motion S6M-04138 in the name of Shirley-Anne Somerville (Reducing the Cost of the School Day for Low Income Families), leave out from “recognises the” to end and insert “notes the actions being talked about again by the Scottish Government to support children and young people in low-income families to access school education; further notes that the SNP administration has had 15 years in office to make a difference, but has failed to meaningfully improve the life chances of Scotland's young people; expresses concern at the sharp decline in Scotland's once world-leading education system and the widening of the attainment gap under this First Minister, and the significant cuts to council budgets, which have left schools short of resources, and believes that it is disappointing that Scottish ministers only make education and young people a priority at election time.”

**[S6M-04138.1 Michael Marra: Reducing the Cost of the School Day for Low Income Families](#)**—As an amendment to motion S6M-04138 in the name of Shirley-Anne Somerville (Reducing the Cost of the School Day for Low Income Families), insert at end “; believes that accessible childcare is critical to poverty reduction to ensure access to education and the labour

market, that this must be full wrap-around, affordable provision with qualified staff, and centred on the needs of the child; recognises that extracurricular and after-school activities are key to the mental health of young people, as well as ensuring children have a wide range of skills, but that this must be affordable and accessible to all children, particularly those from low-income backgrounds; calls for the Scottish Government to ensure the universal availability of summer clubs with activities, learning and free school meals, and further calls for the publication of up-to-date baseline data on child poverty, as well as a post-COVID-19 pandemic assessment of the health of the early years sector.”

### followed by **Legislative Consent Motion: British Sign Language Bill - UK Legislation**

**[S6M-04115](#) Clare Haughey: British Sign Language Bill - UK Legislation**—That the Parliament agrees that the relevant provisions of the British Sign Language Bill, introduced in the House of Commons on 16 June 2021, relating to the encouragement of the use of British Sign Language, so far as they fall within the legislative competence of the Scottish Parliament, should be considered by the UK Parliament.

## Motions for Debate

**\*[S6M-04159](#) Richard Lochhead: UK Shared Prosperity Fund: Implications for Scotland—** That the Parliament agrees that the UK Government's Shared Prosperity Fund fails to meet the Conservative manifesto commitment to replace Scotland's EU Structural Funds in full; understands that Scotland will receive only £212 million, which is £337 million short of the £549 million estimated to be an appropriate replacement for EU Structural Funds, and calls on the UK Government to immediately increase the value of the fund to at least the level provided previously by Scotland's EU Structural Funds; believes that the failure to do this will leave communities and third sector organisations across Scotland without important resources needed to tackle poverty and inequality; further believes that the lack of decision making for the Scottish Government in the governance of the Fund undermines devolution; considers that this approach will fail Scotland's communities, which have benefited substantially from decades of EU investment, and further calls on the UK Government to fully devolve control of the Fund to the Scottish Parliament and the Scottish Government.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
