followed by Scottish Government Debate: UK Shared Prosperity Fund: Implications for Scotland

[S6M-04159](#) Richard Lochhead: UK Shared Prosperity Fund: Implications for Scotland—That the Parliament agrees that the UK Government’s Shared Prosperity Fund fails to meet the Conservative manifesto commitment to replace Scotland’s EU Structural Funds in full; understands that Scotland will receive only £212 million, which is £337 million short of the £549 million estimated to be an appropriate replacement for EU Structural Funds, and calls on the UK Government to immediately increase the value of the fund to at least the level provided previously by Scotland’s EU Structural Funds; believes that the failure to do this will leave communities and third sector organisations across Scotland without important resources needed to tackle poverty and inequality; further believes that the lack of decision making for the Scottish Government in the governance of the Fund undermines devolution; considers that this approach will fail Scotland’s communities, which have benefited substantially from decades of EU investment, and further calls on the UK Government to fully devolve control of the Fund to the Scottish Parliament and the Scottish Government.

The Presiding Officer has selected the following amendments

[S6M-04159.1](#) Liz Smith: UK Shared Prosperity Fund: Implications for Scotland—As an amendment to motion S6M-04159 in the name of Richard Lochhead (UK Shared Prosperity Fund: Implications for Scotland), leave out from “agrees” to end and insert “warmly welcomes the UK Government’s Levelling Up agenda, including the Shared Prosperity Fund, which will replace previous EU Structural Funds and which will provide £212 million of funding to Scotland by 2024-25, and further welcomes the UK Government’s focus on boosting productivity, skills, innovation, jobs and sustainable economic growth across Scotland, and on increasing the transparency of funding and the accountability for decision-making across Scotland’s local communities.”

[S6M-04159.2](#) Daniel Johnson: UK Shared Prosperity Fund: Implications for Scotland—As an amendment to motion S6M-04159 in the name of Richard Lochhead (UK Shared Prosperity Fund: Implications for Scotland), leave out from “further believes” to end and insert “recognises the importance of joint working between the Scottish and UK governments in order to achieve the common goal of strengthening Scotland’s communities; notes the benefits of previous EU funding, but also the concerns with the transparency in how it was administered and awarded in Scotland; further notes that cuts to the structural funding equivalent by the UK Government coincide with cuts to local government budgets by the SNP administration in cooperation with the Scottish Green Party to the detriment of communities across Scotland, and calls for the replacement for EU funding to fully match what has been available in the past and be administered as close to communities as possible.”

Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
