***[S6M-04210](#) Maggie Chapman: Revitalising Scotland's Town Centres**—That the Parliament recognises what it sees as the importance of the revival of Scottish town centres in the North East Scotland region, and throughout Scotland; notes the view that a town centre's first principle, which it understands aims to put the health of town centres at the heart of decision-making processes, needs to be applied consistently, not only to the retail sector but also to housing, public sector administration, healthcare, education, recreation and culture, celebrating the particularity of each town's unique history; recognises what it sees as the importance of healthy town centres for people's physical, emotional and social wellbeing; considers that the commercial sector has its role in this shift but needs certainty, and that developers will only invest in town centres if it is clear that this is a long-term and reliable policy; highlights what it sees as the importance of recognising alternatives to big retail, and celebrating and supporting co-operatives, social enterprises and community wealth-building projects, and notes the view that a renewed focus on, and priority for, town centres is essential in the context of a deepening climate crisis, and for the health and wellbeing of people in their local communities.

Universities Superannuation Scheme (USS) pension fund; understands that this valuation was made during the height of the COVID-19 pandemic's impact on the economy, and that the health of the fund has recovered significantly since then; appreciates that the trustee that manages the scheme has reportedly confirmed that a new valuation at this point could result in benefits being increased, rather than cut; notes with regret that university management has reportedly rejected proposals made by the Universities and College Union (UCU) that are deemed to be "viable and implementable" by the USS; understands that, in a recent survey of UK higher education staff, two thirds said that they were considering leaving the sector over cuts to pensions and attacks on pay and working conditions; notes the calls on the management of all educational institutions involved in both the pensions and Four Fights disputes to engage constructively with staff and the unions to resolve the disputes, and notes the view that reversals of pension and pay cuts and urgent action against casualisation, gender and ethnicity inequalities in pay and promotions, and against unsafe workloads, are in the best interests of university staff, students, Scottish universities and Scotland as a whole.

***[S6M-04129](#) Martin Whitfield: Ehlers-Danlos Syndromes and Hypermobility Spectrum Disorder Awareness Month 2022**—That the Parliament recognises that the month of May is Ehlers-Danlos Syndromes (EDS) and Hypermobility Spectrum Disorder (HSD) Awareness Month; understands that EDS is a group of heritable connective tissue disorders; notes that the body's connective tissue provides support in skin, tendons, ligaments, blood vessels and internal organs; understands that EDS and HSD can affect people in different ways and that, for some, the condition is relatively mild while, for others, symptoms can be disabling; highlights reports that the prevalence of hypermobile EDS, the most common subtype, is estimated to be one in 5,000; notes that a 2019 study suggested that prevalence may be much higher due to underdiagnosis; understands that other subtypes are significantly rarer; believes that improvements in care for patients would benefit people who have EDS and HSD; looks forward to the publication of the Scottish Government's Rare Disease Action Plan, which, it understands, aims to achieve the four key priorities in the UK Rare Disease Framework, and expresses its support for people in Scotland who are living with and affected by EDS and HSD.

***[S6M-04089](#) Paul O'Kane: Mariya Javed's Kiltwalk for AVM Research and Bereavement Support**—That the Parliament recognises Mariya Javed's inspiring efforts in the annual Kiltwalk to raise money to fund research into the condition of arteriovenous malformation (AVM); understands that Mariya's charitable pursuit has already raised more than £16,500, having taken part in each Kiltwalk since 2016; further understands that the charitable organisation, Another Star in the Sky, in association with Glasgow Children's Hospital Charity, will benefit from Mariya's charitable proceeds as it aims to open a rare conditions unit and a bereavement centre at the Glasgow Children's Hospital; notes that AVM is a tangle of abnormal blood vessels connecting arteries and veins, which can rupture and lead to a fatal haemorrhage; understands that Mariya's brother, Ahmar, lost his life to an AVM in his brain and that this fuels her desire to ensure other families can be supported if a loved one's life has been cut short by AVM, and celebrates that Mariya was given much deserved recognition when she was named Glasgow Times Scotswoman of the Year 2021 for her role in fundraising for AVM research but also for raising awareness of family bereavement and trauma.

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
